# PRIDE

## is what it's all about

Pride — we showed it constantly as we cheered our teams in victory and defeat, gave our award-winning band standing ovations following performances, and strained our voices trying to help lead our class to victory in a class competition yell.

With pride we honored past Homecoming queens as we contemplated playing our last football season on the "Hill."

National Honor Society members received quiet admiration, sophomores proudly wore new class rings, and yearbooks were distributed by a staff proud of its accomplishment.

Boosters' groups showed their pride in our efforts and accomplishments by honoring us with banquets, trophies and plaques. Members of the community supported us through their faithful purchases of raffle tickets, Wildcat shirts, cheese and everything else sold by groups to raise money.

This was a year in which we showed our pride — and pride is what it's all about.

# Cruising Dominates Scenario

*Seeing and being seen is the name of the game*

The place: Morenci Plaza; the day: any Friday night; the time: anywhere between eight and eleven p.m.; the activity: cruising.

One of the main activities on a typical Friday night was to pick up a few friends in a car or truck and head for the Plaza to do a little cruising. The "shed" was always packed with familiar faces and it was a great way to see and be seen. According to Sandra Rodriguez, the best reason to cruise was "to see which guys were out." However, Robert Nobles cruises because "there isn't anything better to do."

Friday nights were also for bas-

ketball, football, parties at the river, and movies at the theater. Following socializing at the school activities, many students could often be found at Cole's Pizza or D.C.'s Disco trying to live their Friday nights to the fullest. For those without the necessary funds or inclination, there was always the option of spending the evening at home watching television or HBO.

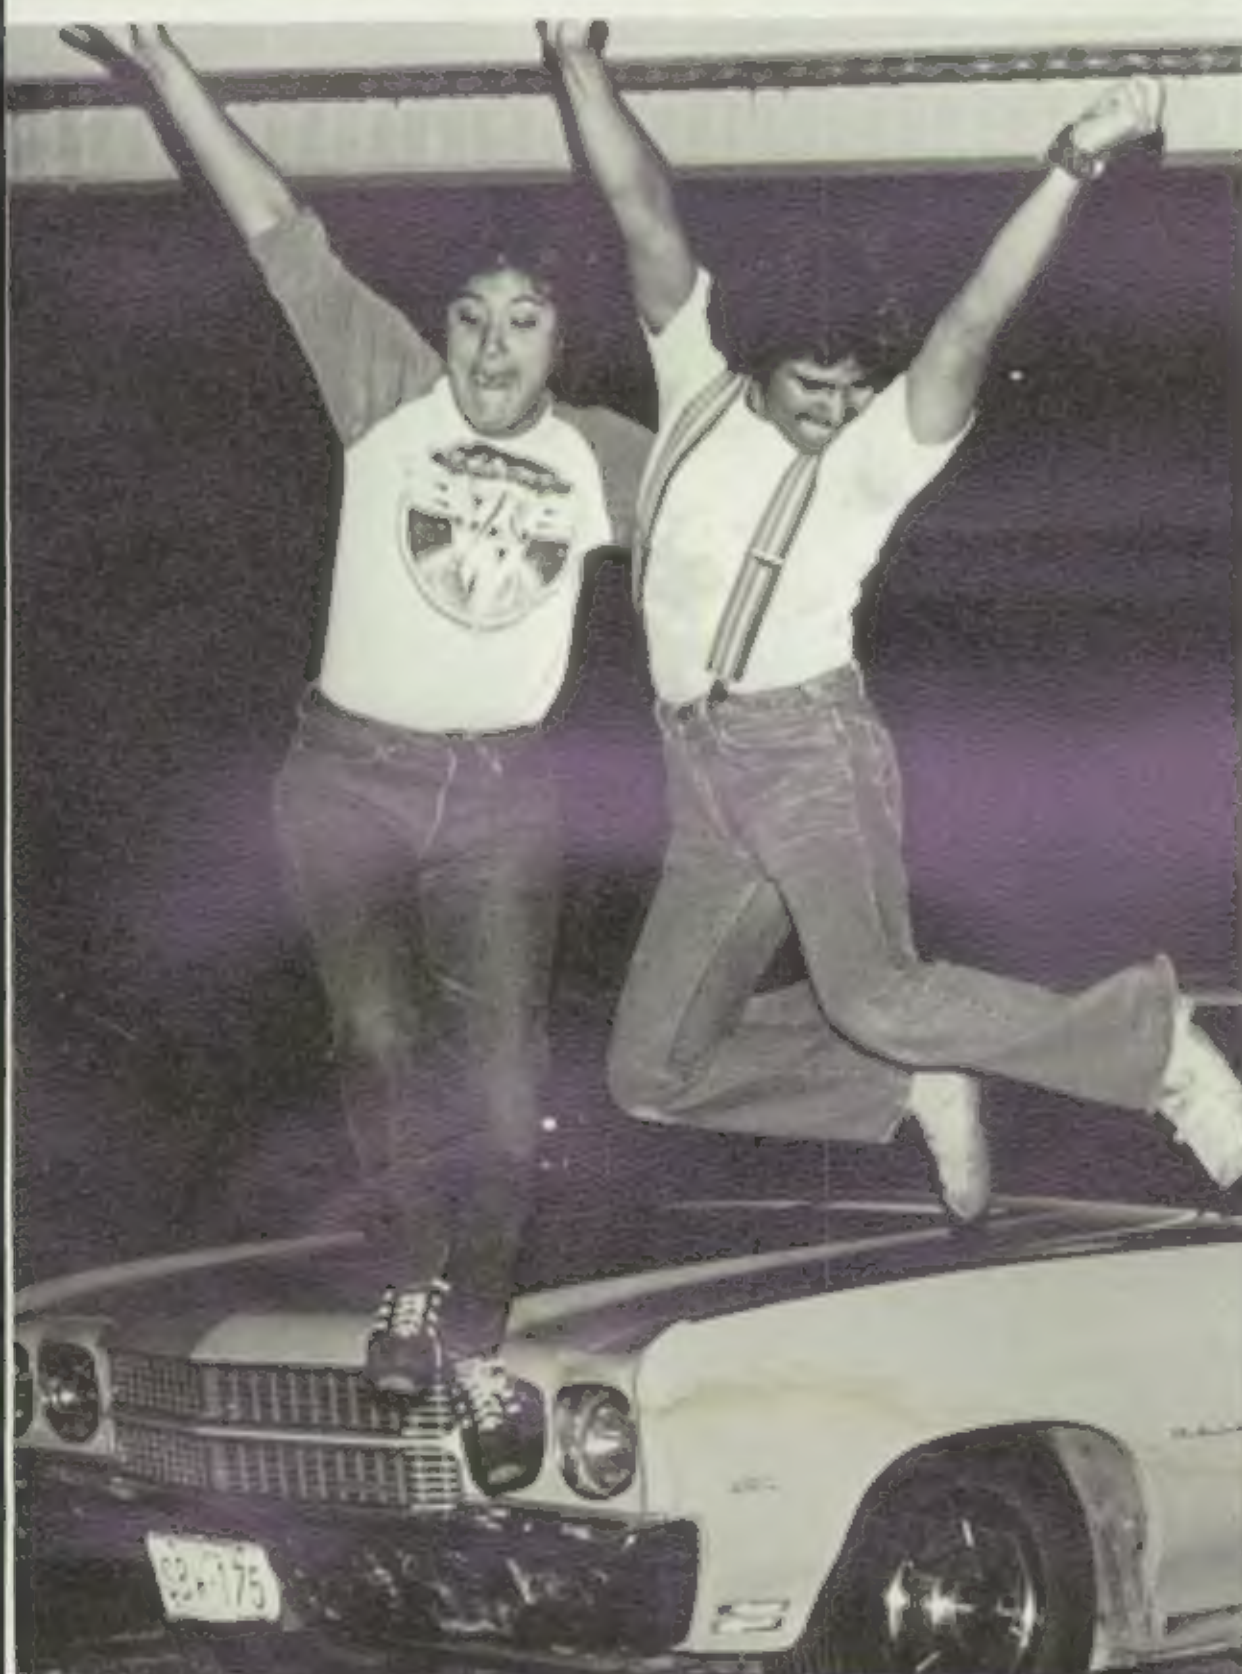

October 31 provided both the young and the old a chance to put on costumes as Halloween fell on a Friday. Witches, ghosts, clowns and Dracula could be observed at the costume parade held prior to the football game.

# Spikes & Slits Show Legs

*Boys favor wearing levis, tennis shoes, and muscle shirts*

While the guys walked around in their comfortable jeans and tennis shoes, girls suffered through the tortures of wearing spiked heels. The end of the day often found the stylish heels replaced by comfy booties. Tight fitting skirts and dresses with slits up the sides, or back, or front were also in style. "Baggies" and painters' pants were popular in a variety of colors. Bold printed tops were combined with jeans, levis and other styles of pants.

Guys wore "shim" and muscle shirts reportedly to keep cool. Females, however, suspected another reason. Marty Hetrick ad-

mitted an ulterior motive when he said "it makes us feel like we're the baddest dudes and . . . the girls can stare at our bodies." Mirror shades, or sunglasses, were also popular. Basketball players continued the somewhat strange custom of wearing trunks over longer boxer shorts. Michael Castaneda liked the "look" because it was "comfortable and looks sloppy."

Rolling into style were roller skates and low-rider bicycles while skateboards continued to be popular. Along with bicycling, jogging for both exercise and recreation was a health craze among the students and faculty.

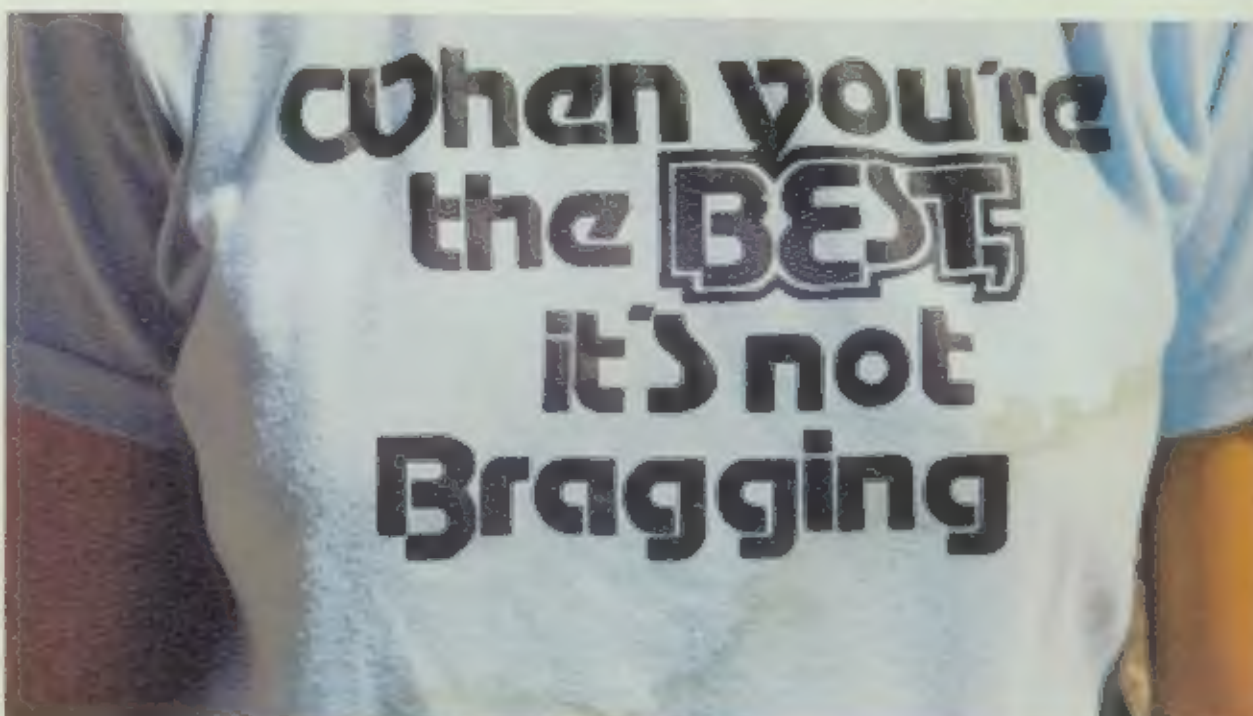

**SKATEBOARDING** is an activity enjoyed by Barry Maling.

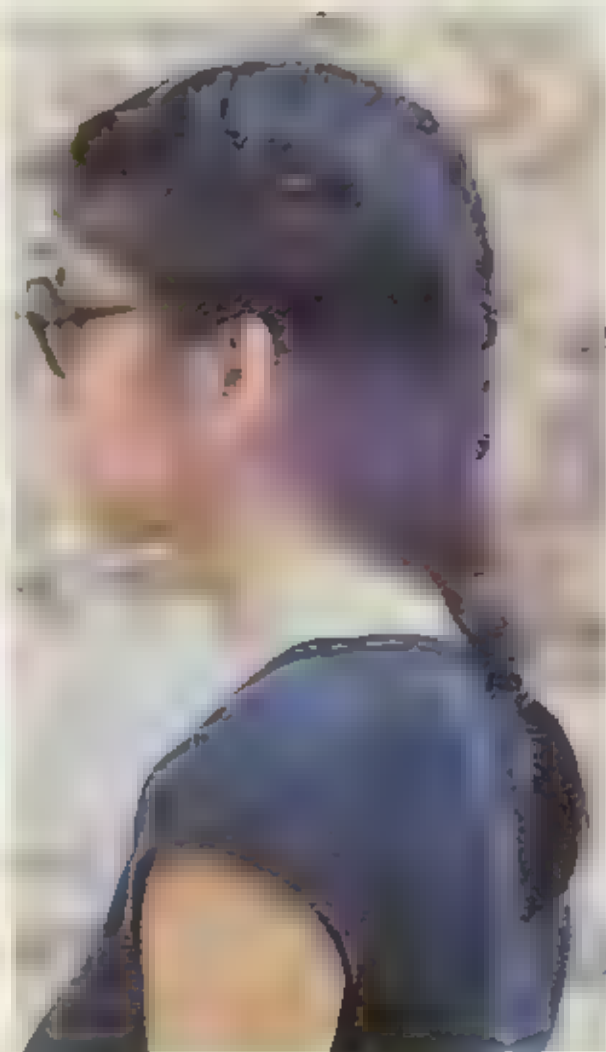

**SLIDES, SANDALS, AND ANKLE STRAPS** dominate girl's footwear.

## Rock is Back to Stay! . . . ?

### *Disco music loses its popularity*

After a few years of the disco craze, rock came back stronger than ever. Punk groups such as the **B-52's**, **Sex Pistols**, **AC-DC**, and **DEVO** were heard coming from car speakers as students cruised in front of the school.

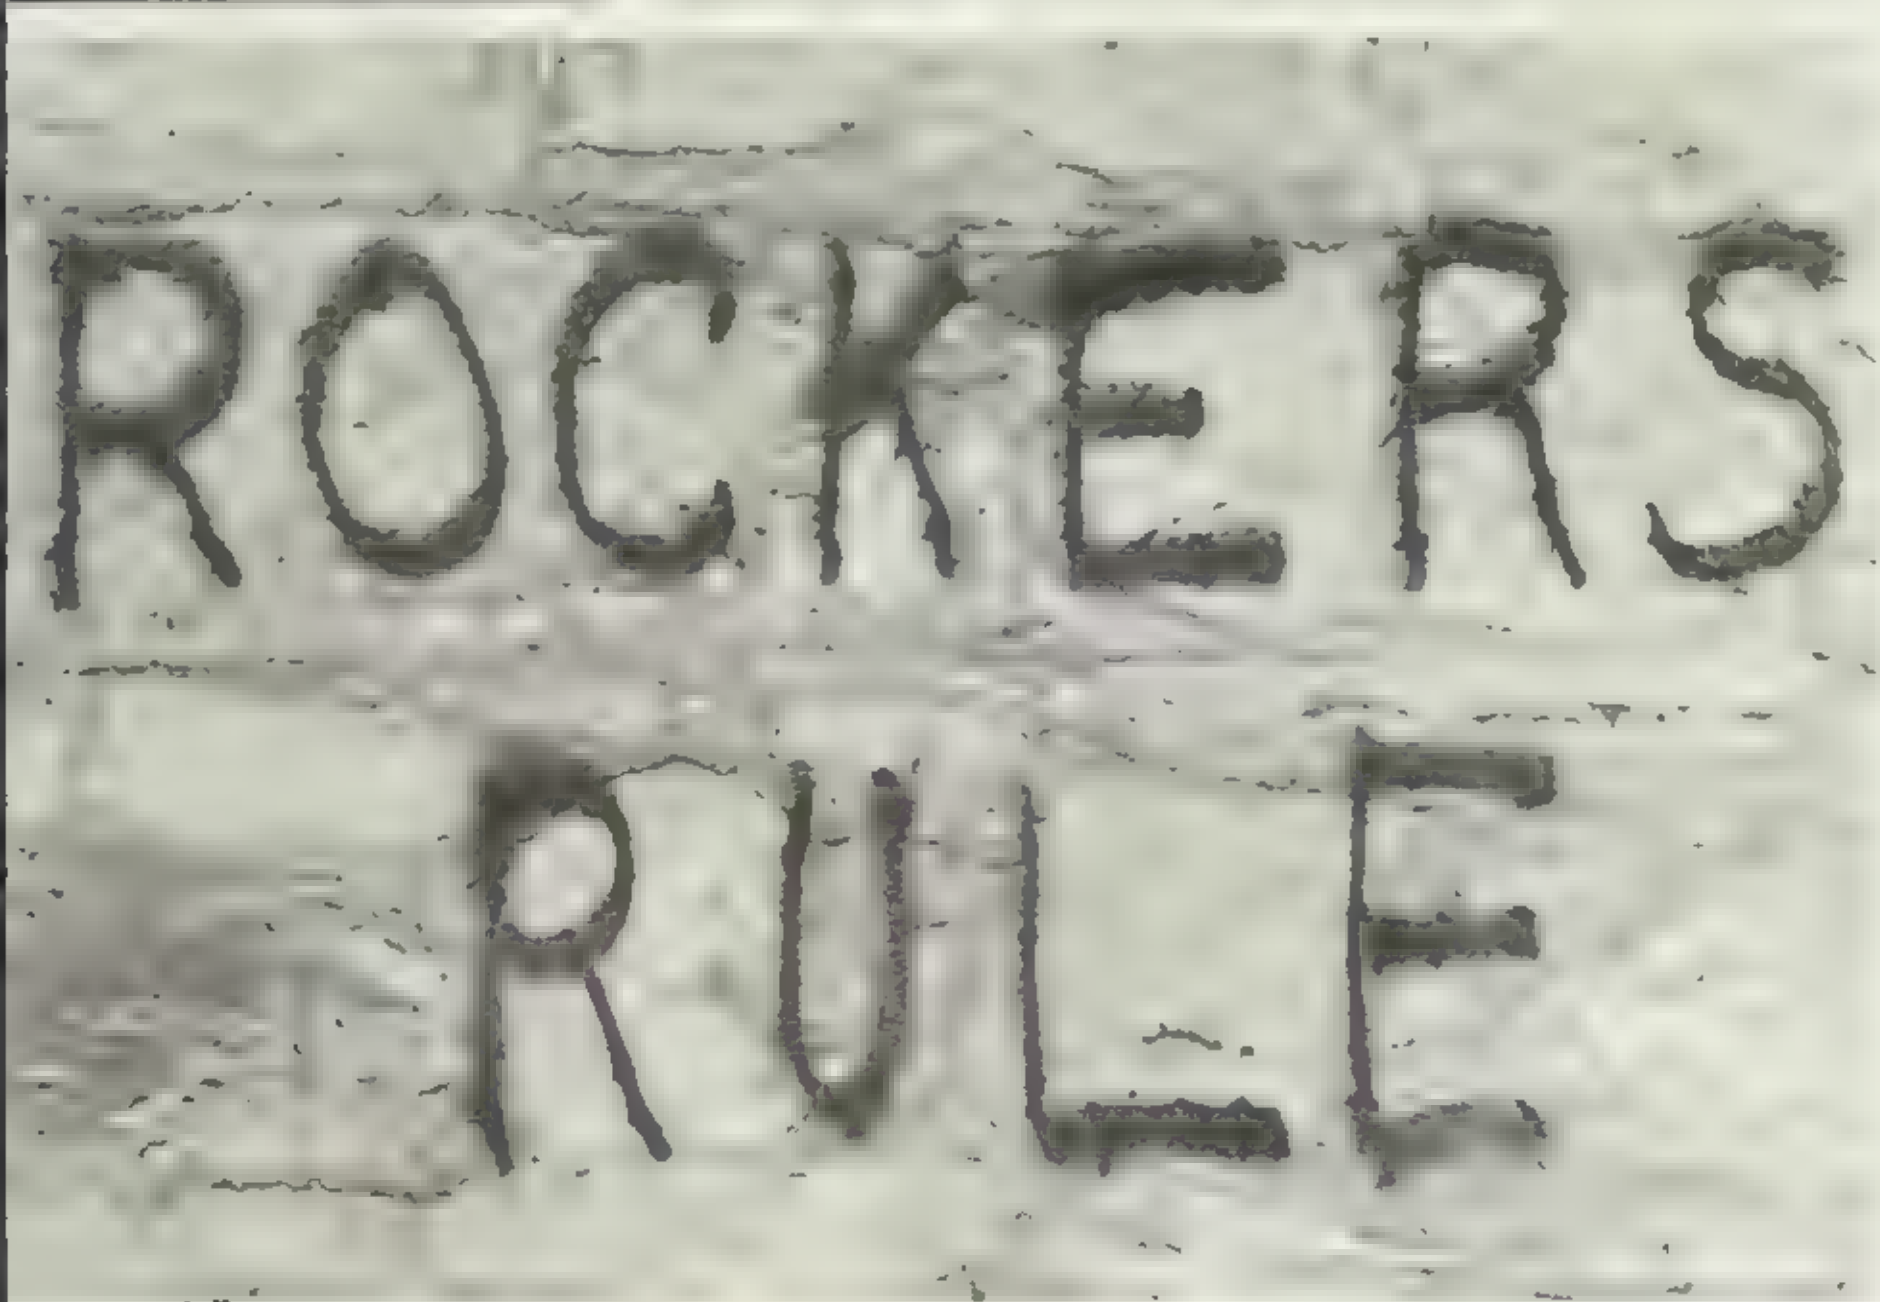

"It's a culture within the youth of America," said senior Frank Villarreal. This seemed to sum up the feelings of hard-rockers. Among the most listened to hard groups were **Queen**, **Van Halen**, **Ted Nugent** and **Led Zeppelin**.

Due to the tremendous success of the movie The Urban Cowboy, starring John Travolta, country music also began gaining in popularity among Morenci students.

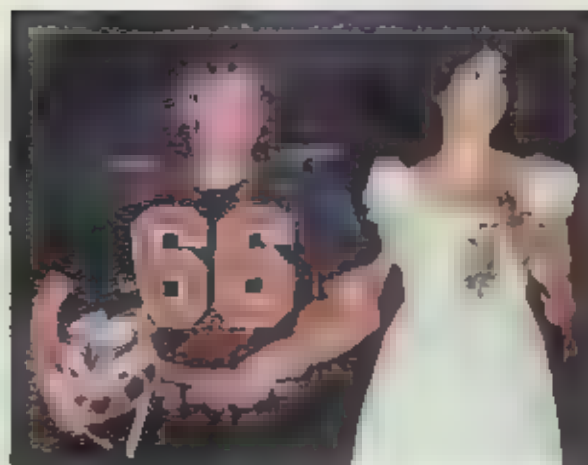

"Looking for Love" by Johnny Lee and "Love the World Away" by Kenny Rogers rocked the pop charts.

The radio was a constant source of listening pleasure. Although the local station rarely played punk or hard rock music, mellow and contemporary music was often heard. The most well-known of the pop groups were **Styx**, **Air Supply**, **ELO**, and the **Eagles**.

Movies continued to be another source of entertainment. The Urban Cowboy, Airplane, The Empire Strikes Back and Cheech and Chong's Next Movie were a hit with the high school crowd.

# Last Homecoming on the Hill

*Rodela and Moroyoqui reign as King and Queen*

With the prospect of playing in a new stadium next year, Homecoming '80 was billed as "the last Homecoming on the Hill." To commemorate the occasion, former Homecoming queens were invited to the game and were recognized in the pregame ceremony. Past queens attending the game included Sylvia Llamas Commela, representing the first Homecoming in 1966; Alice Romero Jaramillo, '68; Linda Martinez Serna, '69; Jody Pelusi, '71; Sylvia Jimenez Seballos, '72; Annie Morales Medina '73; Elaine Rodela Davis, '74; Cindy Gomez, '75; Brenda Nelson, '77; Darrellyn McClellan Edwards,

'78; and Carleen Rodela, '79

Chosen by the senior class as Homecoming royalty were Michelle Malloque, Estella Moroyoqui, Donna Gonzales, Felicia Macias, Fred Rodela, Bryan Boling, Marty Hetrick, and Martin Smith. Fred Rodela and Estella Moroyoqui were selected as King and Queen by the student body.

A bonfire and pep rally were held at the parking lot the night prior to the football game. Students enjoyed a horn-blowing flasher-blinking car rally through town afterwards. Despite the enthusiasm the Cats fell, 8-6, to the Willcox Cowboys.

# Playing the Field Wins Out

*"Cows Palace" and "FM" are popular spots*

The choice of "going steady" or "playing the field" was a decision many high school students faced as they became involved in the dating game in high school. To Vincent Martinez "going steady" meant "you don't have to worry about being rejected" whereas Fred Rodela liked dating several different girls because "it's fun — you get a variety." Juniors and seniors as a whole seemed to prefer dating several people, whereas freshmen girls preferred the security of only one guy at a time.

Freshmen encountered the greatest problems in dating. Being too young to drive limited their so-

cial activity considerably. Most frosh couples simply decided on a mutual place and met there. Transportation became a minor problem, however, if a frosh managed to snare an upperclassman.

Where to go on a date was a definite problem in Morenci with its lack of social activities. Some couples ventured to Safford to find sources of entertainment but most made due with the limited resources in Morenci. Among the most popular places to go on a date were Cole's Pizza, the Dairy Queen, the bowling alley, and the theater. "Cows Palace" and "FM" were main gathering places.

**MOTORCYCLES** are popular with several faculty members as an inexpensive means of transportation. Coach Tommy Navarrete rides his Suzuki across the water, as they say, miserably.

# No Two Ways About It

## *Students prefer driving to riding the bus*

Getting to and from school, or anywhere else for that matter, might have been one of the biggest problems you had as a student

Although driving was the easiest and most popular method of transportation, not everyone owned a car or could afford to drive one. Many students found the economics of owning a car very rough to handle with the soaring price of gasoline and materials for the car's upkeep. High insurance costs also hampered many students who drove to school.

For those students not fortunate enough to own their own car, there were some occasions on which they were allowed to bring the fam-

ily car. This was much cheaper for the student since the parents paid for the gas and upkeep. On the other hand, some students preferred leaving the driving in the hands of a friend.

For the people who lived in the nearby Stargo Area, there was another alternative to driving — walking. Except for the days when the weather was bad, many students could be seen “hoofing” their way to and from school.

Last, and usually the least popular, was riding the school bus. As Vincent Martinez stated, “It isn't cool to ride the bus.” However, for many students it was the only choice.

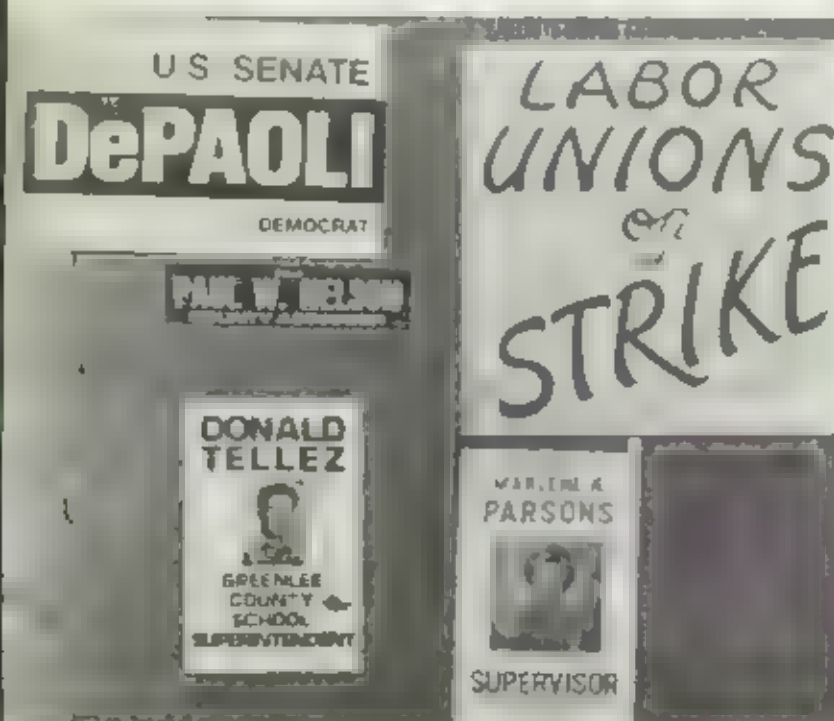

**LOW-RIDER VEHICLES** are a current mode of transportation. Although cars are usually connected with low-riding, Paul Sierra lowered his truck and added a chain steering wheel and curb finders.

**OLD VEHICLES**, such as Coach Chavez's truck, are also popular.

## Yellow Caravan Rolls To Clifton

Police lead procession "down the road"

Striking Phelps Dodge employees formed picket lines that became an everyday sight as teachers and students returned to school in late August

The renewal of the Clifton Morenci football rivalry created great interest in both students and townspeople. Enthusiastic Morenci fans filled 12 buses as police led the long yellow caravan to the Clifton football field

The Philadelphia Phillies defeated the Kansas City Royals in 4 games to 2 to win the World Series. President Carter and Ronald Reagan participated in a debate prior to election day

# A Very Special Day!

*American hostages head for home; new President inaugurated*

Following 444 days of captivity in Iran, the 52 American hostages were finally released on January 20, 1981. As Americans eagerly listened to developments in the hostage situation, Ronald Reagan was inaugurated as President.

Two Arizonians, Marine Sgt. James Lopez of Globe and Robert Ode of Sun City West were among the freed Americans. Upon his return to Arizona, a parade was held in Globe in honor of Lopez and his family. Attending the festivities were three MHS students, Lori Borjon, JoAnn Merino and Felicia Macias. Asked why they wanted to attend the parade, Felicia responded: "I thought Jimmy

deserved a big turnout for all the courage he showed from the beginning to the end of his captivity."

Other events in the news included the eagerly anticipated rematch between Roberto Duran and Sugar Ray Leonard. Complaining of stomach cramps, Duran turned the match into a farce when he quit in the middle of the eighth round. The shooting of ex-Beatle, John Lennon, outside his New York apartment building stunned the world of rock music.

Arlene Vallejo was crowned as the first annual "Miss Merry Christmas." Attendants included Ronda Campbell, Stephanie Jackson, and Norma Enriquez.

## Will the Class of '82 Pull Thru

*Juniors struggle to raise needed funds for the prom*

As the date for the Junior Senior Prom approached, the big question was "Is there really going to be a prom?" The juniors, several hundred dollars short of the amount needed to put on the prom planned many last-minute fund raising events

A spring break early in March gave students and teachers a much needed escape from each other. Returning to school, students participated in spring sports and looked forward to the end of school and summer vacation

The excitement of the school year finally drawing to a close had a different effect on everyone. Freshmen were relieved they

couldn't be called "punkv fresh man" anymore while sophomores already dreaded doing the required term papers their junior year. With the prom finally out of the way, juniors could look forward to their upcoming final year as seniors

Seniors approaching graduation day were filled with mixed emotions. "I'm glad to be going out on my own," said Sandra Rodriguez, "but I'm hesitant about leaving the friends I've grown up with." A relaxed Dennis Pomroy said, "I feel like a released hostage." Felicia Macias summed up her feelings with "It's gonna be great not to have to ask to go the bathroom"

## wildcats win comeback thriller

---

Scoring two touchdowns in the final quarter, the Wildcats came storming back to take an exciting 14-12 opening game victory over the Thatcher Eagles. Thatcher had wasted no time getting on the scoreboard as the Eagles' John Alva ran back the opening kickoff 88 yards for a quick TD. In the third quarter, Thatcher scored from the Morenci three-yard line increasing their lead to 12-0.

Defense gave the Cats their first touchdown as Marty Hetrick picked up a Thatcher fumble in the fourth quarter and scampered 57 yards for the Wildcats first TD of the season. Robbie Windsor's PAT was good and Morenci trailed by only five. With 1:56 left in the game, the Cats drove 74 yards in six plays and scored the winning touchdown on Fred Rodela's three-yard plunge. Rob Windsor theorized: "The team's intensity level was so high, we couldn't do anything but win in the end."

Renewing the Clifton rivalry, the Wildcats then trounced the Trojans, 28-0. The always tough AA Safford Bulldogs were next on the schedule.

Putting fear into the hearts of Wildcat fans, the Bulldogs scored a quick six in their opening drive. When the Cats first possession failed to produce any yardage, Morenci was forced into a punting situation. Continuing to dominate the game, the Bulldogs blocked the punt and fell on the ball in the end zone for still another quick touchdown.

Getting on track offensively, the Cats struck back in the second quarter with Fred Rodela's eight-yard run for paydirt, closing the gap to 14-7. Safford scored once more in the second quarter giving the Bulldogs a 21-7 lead going into the locker room at half time.

Following a scoreless third quarter, Morenci cut the deficit to only 7 when Fred Rodela scored on a 15-yard run late in the fourth quarter. The Cats successfully attempted an onside kick and recovered the ball at midfield with one second showing on the clock. A desperation pass by Mike Gajkovich fell incomplete and the Wildcats suffered their first loss of the season.

## cats suffer gridiron blues

Willcox was the Cats opponent as Morenci held Homecoming on the "Hill." Both teams showed strong defense with the score 0-0 at half. After running back the second-half kickoff, the Cowboys then added a two-point conversion. The Wildcats scored their only TD of the game in the third quarter on a long screen pass from Mike Gojkovich to Bryan Boling. Trying for the two-point conversion, the attempt fell short and the Cats lost their first conference game of the season. "Willcox was the hardest loss to take," said senior lineman Danny Daniels, "because we really outplayed them."

After losing another hard-fought conference game against San Manuel, the Cats then took on the Miami Vandals in a "must win" situation. Morenci drew first blood when Bryan Boling scored on an 18-yard touchdown scamper. Miami wasted no time coming back, however, scoring on their next possession to tie the game at seven all. The Wildcats were unable to score again whereas Miami added two more touchdowns. The loss eliminated any hopes the Cats had of going to the state tournament playoffs.

Paced by Fred Rodela's two-yard plunge and Mike Gojkovich's 53-yard

breakaway touchdown, the Wildcats led 14-0 after the first quarter of the Sahuarita game. The Cats scored once more in the game when Nathan Wright made a 15-yard reception in the end zone. Leading the game by a comfortable margin, the Wildcats ran the "gadget" play. At the first signal from the quarterback, the entire line shifted to the sides. One look at the confused faces of the Sahuarita players and the Cats bursts into laughter which prevented them from gaining any yardage on the play.

In Morenci's 27-0 drubbing of the Bisbee Pumas, the Wildcats ran the "gadget" play again. When the entire line moved, Bisbee jumped offsides and the Cats picked up five yards which was good for the first down. The shut-out against Bisbee was the team's fourth of the season and set a new school record.

Senior running back, Bryan Boling, was named to the A South all-conference first team on offense. Boling was also named to the first team defensive unit along with defensive end Robbie Windsor. Adding even further to his honors, Boling was chosen to play in the annual North-South All Star game to be held in August.

## slow starting j.v.'s catch fire

Opening the season against the Deming, New Mexico Wildcats, the Morenci J.V.'s ended their first game with an exciting finish. Down 14-6 with 9 seconds left on the clock, Marty Martinez caught a 55-yard pass thrown by Angel Rodriguez for the score. Going for the two-point conversion and the tie, the gamble failed and the Cats lost 14-12.

Following two more losses at the hands of Douglas and Safford, the Cats appeared to be heading for a dismal season. Getting on track with a win over Bisbee, however, the Wildcats finished the season with five victories in a row. "We felt pretty low after losing our first three games, but Coach Padilla got us all fired up for the rest" said defensive guard Clayton Flowers.

Highlights of the season included Thomas Renteria's 19 carries for 95 yards in the Thatcher game and a total of 201 yards passing by quarterback Angel Rodriguez in the game against Willcox. Marty Martinez also caught 4 passes in the Willcox game for a total of 170 yards. Martinez ended the season with a record-setting 15

receptions for 538 yards. Manny Gomez was named MVP for the squad.

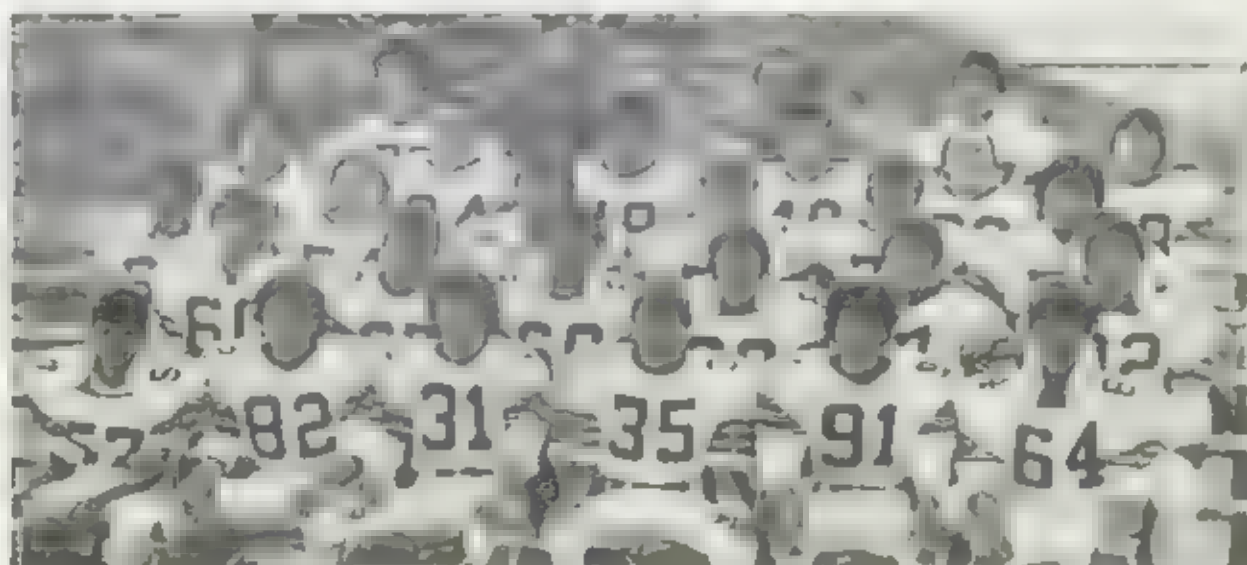

Debuting on the "Hill," the freshmen played Duncan to a tough 6-6 tie. The scoring for both teams came in the first quarter with the rest of the game a tough defensive battle.

The squad's first loss of the season, 21-7, came against the tough Safford Bulldogs. The Cats only score in the game came when Steve Mendoza and Steve Gamblin sacked the quarterback and Mendoza picked up the fumble and ran for a touchdown.

Against the Thatcher J.V.'s, Ernie Barquin caught a 40-yard pass thrown by Tomas Borjon and then ran 50 yards for the touchdown.

Leonard Morales scored two of the team's four touchdowns in the Duncan game. His first touchdown came on an interception return; the second was scored when he picked up a blocked punt by Steve Mendoza and scampered into the end zone.

Asked his reaction to playing on the old field, Tony Tedla responded, "It felt good because we were the last freshman class to play on the 'Hill.'" Vincent Chavez was chosen MVP.

## victories hard to come by

---

Failing to make the state playoffs for the first time in five years, the Lady Cats experienced a disappointing 7-9 season. The squad's 5-5 conference record did not qualify them for the playoffs, and the elimination of divisionals prevented the girls from winning a state playoff berth following the regular season.

Victories were hard to come by as the squad struggled with the new format for conference play. In an effort to eliminate much of the travel, A-South scheduled all conference matches as double headers.

The two matches with Bisbee towards the end of the season were the deciding factor in the Cat's success. Needing to win both matches to be

eligible for state playoffs, the Lady Cats took the first but lost the second later in the day. "We beat ourselves," said senior Lori Borjon. "We made too many mental errors and we slacked off after winning the first game."

Although their hopes for the state playoffs were shattered after the Bisbee matches, the Lady Cats hoped to end the Willcox Cowgirls undefeated season in their last match of the year. An inability to win tough ones continued to plague the Wildcats, however, as they lost both matches in two games. "We let down MHS and the volleyball program," was a disappointed Emy Bagwell's reaction to the squad's frustrating season.

## frosh go 10-0

Playing an abbreviated schedule, the frosh squad sailed to an undefeated season. Mary Ann Lopez attributed the team's success to "a lot of team spirit. No one got mad if someone played more than they did."

Most matches were easy wins for the freshmen until they met up with the Safford Bulldogs. Losing the first game 5-15, the Cats came back to win the second, 15-4. The third and deciding game was a hard fought seesaw battle with the Wildcats finally claiming an 18-16 victory. "We thought we were going to lose after the first game," said Liz Peralta, "but we pulled it out in the end."

Ending the season at Willcox, the frosh put their perfect season on the line against the also undefeated Cow girls. The games were close but Moriencil won in two, 19-17 and 15-12. High point girl was Liz Peralta with 10 points. Liz Abril was named MVP at the Fall Sports Banquet.

Suffering only two defeats, the junior varsity also had a successful season. The two losses came against arch-rivals Clifton and Safford.

In the Clifton match, the Cats won the first game easily, 15-6. A close loss followed in the second game before the girls "fell apart" losing the final game, 7-15.

Safford was a repeat of the Clifton match as the Cats won the first game 15-12, before losing the final two 12-15 and 6-15. "We played a great game," said Mona Rodriguez, "but the competition was really tough!"

Ending the season on a happy note the J.V. Cats handed Willcox their first loss. After winning the first game 15-8, the Cats finished off the Cow girls with an exciting 17-15 second game.

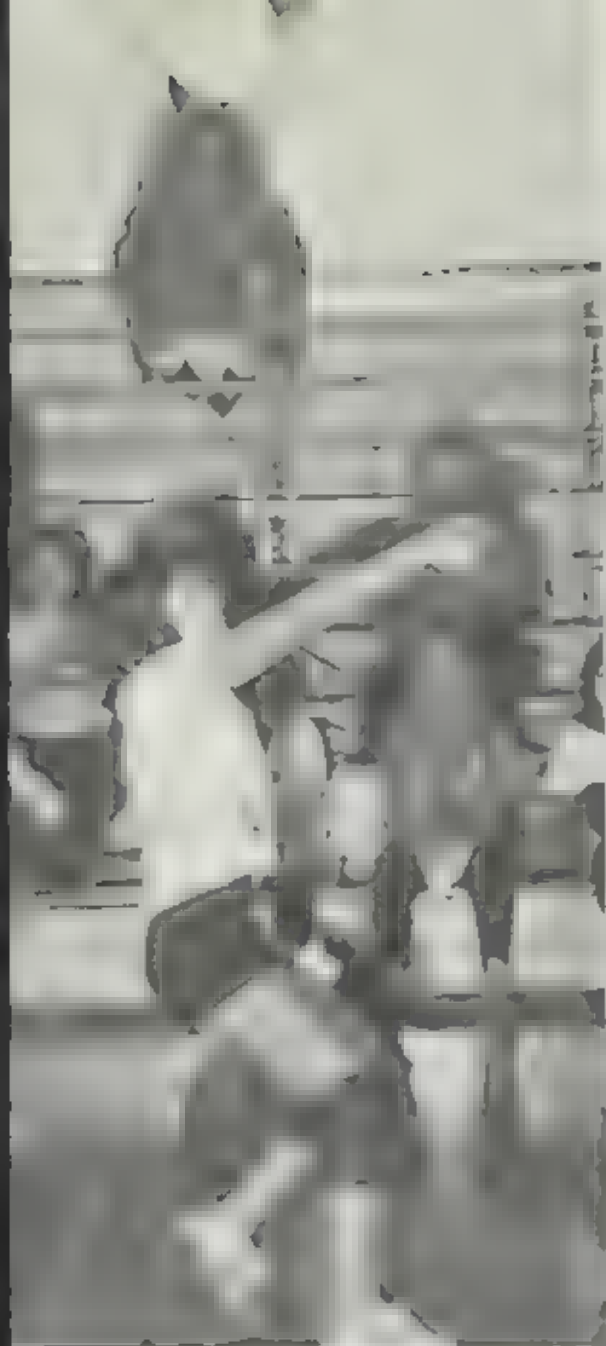

Named MVP for the J.V. squad was Priscilla Baca.

# cats revenge "black tuesday"

After losing to the Clifton Trojans last year for the first time in ten years, Morenci sought revenge for what had become known as "Black Tuesday." After a close first quarter, the Wildcats pulled away in the second and went on to win, 82-57. "It was good getting revenge after being humiliated down there last year," said a happy Michael Castaneda following the Wildcats convincing victory.

Downing the rival Safford Bulldogs in their first game of the year, the young, inexperienced Wildcat squad got off to a promising start under new varsity coach, Mr. Steve Chavez. Up by 12 at half time, the Cats almost let the game slip away by allowing Safford to outscore them, 32-22, in the second half. Keeping their poise, Morenci held on for a two-point victory at the buzzer. Michael Navarrete led the Cats with 11 points.

Following an easy win over Duncan, the Wildcats lost back-to-back home games to Douglas and Thatcher. The game with the AA Douglas Bulldogs went down to the wire with the Cats finally losing by four. Navarrete again led the Wildcat's scoring with 14.

Scoring bursts in the second and fourth quarters gave the Thatcher Eagles all they needed to pull past the Cats. Steve Segovia led all scorers with 21 points.

Returning to the Eastern Arizona Holiday Basketball Invitational Tour

nament after an absence of ten years, Morenci fought its way to the championship round with wins over Pima and Willcox. Facing the powerful Thatcher Eagles in the final game, the Cats were never close, losing by 27 points at the end. Chosen as members of the all-tourney team were Morenci's Michael Navarrete, Steve Segovia, and Scott Ross.

Opening conference play following the holidays, the Wildcats lost to new conference member San Manuel. A third quarter slump in which the Cats were outscored, 25-11, was the determining factor. Returning to the 'Hill," the Cats pulled out a victory in an exciting nip-and-tuck game with the Miami Vandals. Coming off the bench in the fourth quarter, Robert Quiroz sparked the Cats with a critical field goal, two steals, and an important rebound. Scott Ross led the Cat's scoring with 21.

One week later Morenci pulled out another big win in a double-overtime contest with the Sahuarita Mustangs. With the score tied 71-71 at the end of regulation time, both teams played a very cautious brand of ball in the first overtime, failing to score any points. Down by one with four seconds left in the second overtime, senior Bryan Boling sank a short jumper, giving the Cats a one-point, 78-77, victory. Boling led all scorers with 24 points. Scott Ross added 15 and Steve Segovia pumped in 12.

**DRIVING PAST** his Safford defender, Ronnie Peru, #41, heads for the basket.

## mustangs foil wildcats' bid

Tied with Sahuarita following the conclusion of the conference schedule, the Wildcats faced the Mustangs in a playoff for second place. Held in Willcox, the game was necessary to determine which of the two teams would go on to the state tournament as the #2 seed from A South.

After falling behind in the first quarter, the Cats were forced to play catch-up ball the rest of the game. Despite a rally in the third quarter, Morenci was unable to overcome a 21-point deficit and saw its hopes dashed for a trip to the state tournament.

Junior guard, Robert Quiroz, was given credit for engineering the Cat's attempted comeback. "Robert made two quick steals which he immediately converted into baskets," explained Coach Steve Chavez. "He also sparked the team with his assists and was all over the court."

Morenci had balanced scoring in the game with four players hitting in double figures; Scott Ross had 18 points, Michael Navarrete put in 13, and Robert Quiroz and Ronnie Peru added 12 and 10 respectively. Rodriguez with 31 points and Monteverde with 22 did most of Sahuarita's scoring.

Named to the A-South all-conference teams were Michael Navarrete, first team; Scott Ross and Steve Segovia, second team; and Bryan Boling, honorable mention.

## frosh cats "jerk" thatcher

Meeting the Thatcher Eagles four times during the season, the frosh Cats were victorious each time. Only one game was close with Morenci pulling out an 81-80 win.

Using a "run and gun" offense, the freshmen set a new team scoring record averaging 71 points a game. Leading scorer, with a 19-point per game average, was Cory Licano.

Following an opening overtime loss to Safford, the freshmen overpowered a hapless Duncan squad by 53 points. Despite a 25 point performance by Cory Licano, however, the Cats suffered a one-point loss to the San Manuel Miners.

In the return bout with the Bulldogs from Safford, the score was close throughout the first half with Morenci managing a slim two-point lead at half time. Losing their touch in the third quarter, the Cats were outscored, 11-22. Although Morenci got hot in the fourth stanza, the squad was unable to overcome the deficit and lost another heartbreaker by one point. A disappointed John David Ramirez said, "We were really upset after the loss to Safford! We haven't been able to beat them in basketball yet; we lost to them twice in the eighth grade, too."

Ending the season on a sad note, the frosh failed to avenge their earlier

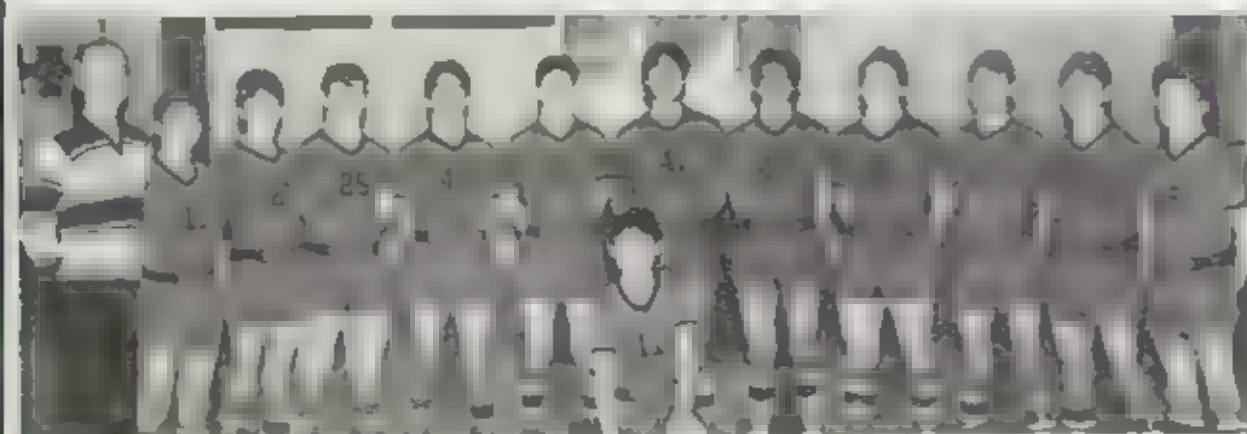

loss to San Manuel. Steven Mendoza provided an exciting moment, however, when he let fly a half-court shot with two seconds to go. Although the ball hit the rim and bounced in, the Cats were still two points short for a victory.

Starting slowly, the J.V.'s lost their first three games. Their first taste of victory came against Thatcher with John Stoner scoring 14 points in the Cat's victory.

Joining the junior varsity team after a loss to San Manuel, Mando Tellez scored 15 points in Morenci's three point win over the Miami Vandals. Joey Merino was the leading scorer with 19.

Two victories followed before the J.V.'s lost an emotional game to arch-rival Clifton, 42-44. Tellez was the leading scorer in the game with 20 points; only four other Wildcats managed to score. Looking forward to avenging their loss, the Cats were disappointed when the game at Clifton was forfeited later in the season.

Gaining momentum as the season progressed, the J.V.'s lost only one of their last eight games. "It took the players a long time to get down the fundamentals," explained former Morenci player and new J.V. coach, Tom Navarrete.

## cats experience losing season

Struggling through the first losing season the varsity girls' basketball program ever experienced, the Lady Cats finished with an 8-13 record. This was also the first time since the program began in 1975 that the girls did not make it to the state tournament playoffs. Senior Jo Ann Merino attributed the squad's lack of success to "inexperience! Only four people on this year's team really played much last year, and we only had one starter returning."

Opening the season against tough AA opponents Silver City and Safford, the Cats had trouble putting points on the board. None of the Lady Cats were able to score in double figures in either game.

Getting some offense going, the squad got rolling against their first conference opponent, Bisbee. Norma Morgan became the first Lady Cat to score in double figures during the season when she put in 14 points.

Following a 27-point loss to the Thatcher Eagles, the Lady Cats did some steamrolling themselves. With

Felicia Macias, Jo Ann Merino, and Kristy Boling all scoring in double figures, the Cats rolled to a 71-36 victory over Sahuarita.

The games with Clifton proved to be the squad's most exciting during the season. Meeting Clifton on the "Hill" first, the Lady Cats came away with a double-overtime, two-point victory. Felicia Macias was high point girl with 25. A week later, the two teams faced each other again in the EAC Holiday Tournament. This time Clifton hung on for a one-point edge. The largest margin of victory went to the Cats when the two teams met in Clifton later in the season. Morenci won by nine with "Fish" Macias pumping in 30 points.

After having lost by 43 points to Silver City in the opening game of the season, the Lady Cats traveled to New Mexico to face the Fighting Colts again in the final weekend of action. Shooting 50 percent from both the field and the free-throw line, the Wildcats lost by only two to the undefeated Colts.

## j.v.'s roll to an 11-7 record

Behind the shooting of sophomore Bernice Ortiz, the J.V. girls' basketball team rolled to a record 11-7 season. Bernice set a new team scoring record with 244 points for the season. She also broke her own individual game scoring record of 21 points set against San Manuel earlier in the season when she ran up 30 points in the Thatcher game. Liz Peralta set a new team record with 89 recoveries during the season despite playing in only 11 out of 18 J.V. games. Liz joined the varsity squad for the last part of the season.

Opening the season against Silver City, Bernice Ortiz, Liz Peralta, and Nancy Morgan each scored 10 points leading the Cats to a 46-34 victory. Next came Safford, a team the J.V.'s have never beaten. Victory eluded Morenci again as the Lady Bulldogs rolled over the Cats by 15. "They were great!" said Mary Ann Lopez. "We thought that when we went man-to-man they wouldn't be able to break our press, but they went right through it."

"Overconfidence and the inability to control our temper" was the reason given by Carolina Espinoza for the loss to Clifton. Having defeated the Trojans by 16 in the first meeting, the Wildcats lost the second time around by five points.

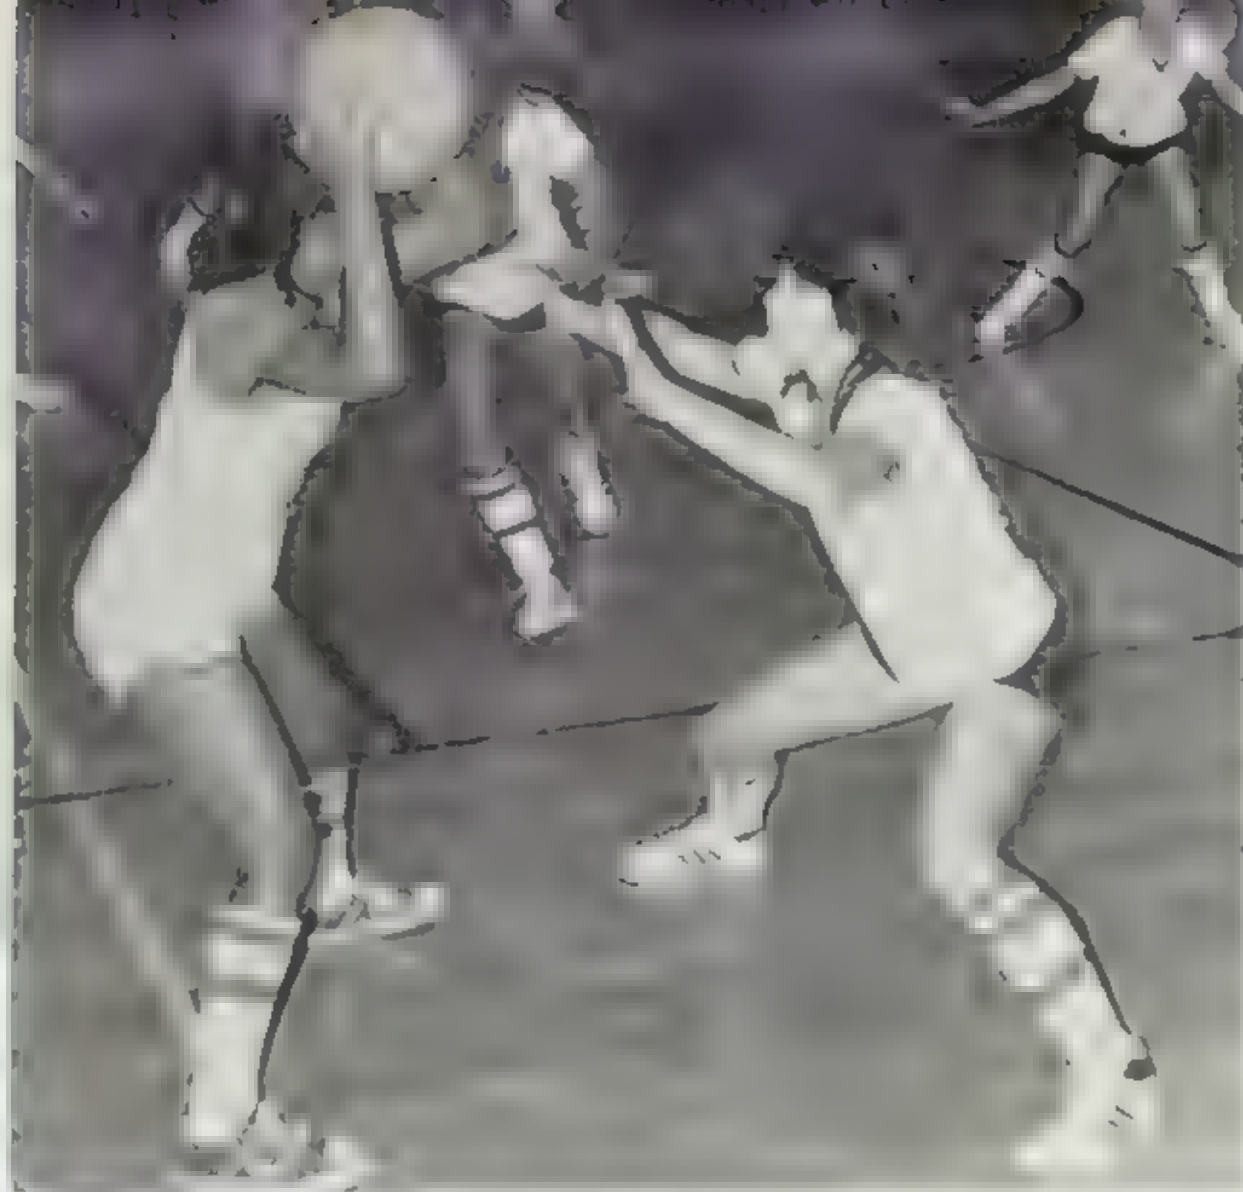

The Thatcher series also resulted in a split with Morenci winning the first game and dropping the second one. Ahead by two with 3 seconds to go in the final game, Thatcher got the ball back under its own basket on a bad pass by the Cats. Tying the game with a shot at the buzzer, the Lady Eagles went on to down the Cats by one in overtime.

## duos take state once again

---

Seeded #1 in both the A South conference and the state, senior Reynaldo Aguinaga and junior Robbie Windsor won their second consecutive doubles title with a combined 42-0 two-year record

In the state play-offs at HoHokam Park, Aguinaga and Windsor first faced a pair from Apache Junction in what proved to be their toughest match. In the first set, the defending champs slipped and gave AJ four games before pulling away for a 6-4 win. A tiebreaker was necessary in the second set before the pair from Morenci finally won, 7-6. In the second round, the champs destroyed the pair from Buckeye, 6-0, 6-1 and then dominated the Miami Vandals 6-1, 6-2 in the championship round

In the singles competition at the state tourney, Steve Segovia faced the #2 player from Coolidge High School and easily defeated him 6-3, 7-5. Another Coolidge player, however, then wiped out Segovia in the second round 2-6, 3-6. In the third round, Segovia won 6-4, 6-3 over his

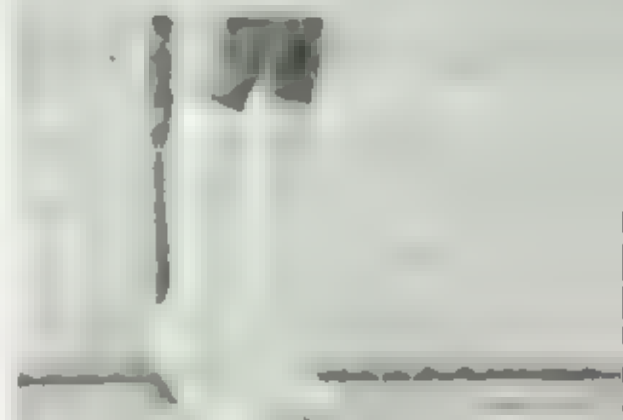

opponent from Phoenix Indian which gave him a third place finish. Overall, the boys' tennis team garnered 10 points to give them their first state championship team title

In girls' tennis, doubles team Susie Denogean and Cindy Lizarraga represented the squad at state. After knocking off the #1 seeded Buckeye team, 6-4, 7-5, the pair was defeated by Lopez and Cordova from Sahuarita, 6-6, in a tiebreaker. Losing their concentration in the second set, the girls were wiped off the court 0-6. In the final round, the Cats lost to a pair from Bisbee giving them a fourth place finish

At the Annual Spring Sports Banquet, the following awards were presented: the Rudy Porras Award, Robbie Windsor; Most Consistent, Rey Aguinaga, Susie Denogean, Cindy Lizarraga; Most Improved, Vincent Martinez, Debbie Gomez; Booster's Club Award, Steve Segovia, Julie Hubbard; Wildcat Award, Vicki Serna; Most Outstanding JV, Cristina Romero

## "mikey" pitches no-hitter

---

The Wildcats opened the season by trouncing their arch rivals, the Clifton Trojans, 16-0. "Mikey" Gojkovich received the win for his no-hit effort. The Cats next encounter ended in a disappointing loss at the hands of the Douglas Bulldogs. The squad, unable to recover, then fell victim to the Thatcher Eagles, 3-4.

After two conference victories over Willcox and Ray, the Wildcats dropped their first conference match up, 0-1, to the Miami Vandals. In their next outing, the Cats traveled to Deming, New Mexico, where they failed to capitalize on a home run by Eddie Tellez, losing 5-6.

Two conference victories were obtained before the Cats were handed a second conference loss by the Sahuarita Mustangs, 3-4. The squad then traveled to Thatcher for a rematch with the Eagles. This time the Cats ended up on the winning side, 4

3. Plagued by numerous errors and poor field conditions, the Wildcats dropped their third conference game, 5-6, to the Willcox Cowboys. Bouncing back, the team then defeated conference opponent Sahuarita, 8-3, and once again humiliated the Trojans of Clifton, 10-0. The Cats were unable to defeat either Ray, a conference opponent, or Safford, bringing their record to 8-8 entering the Morenci Lions Invitational Tournament.

Rising to the occasion, the Wildcats won the second annual event by defeating the Thatcher Eagles, 15-1, and the eventual state champion Miami Vandals, 4-2, in the finals.

The Cats ended the season on a disappointing note dropping their final three games of the year. One loss came at the hands of the Safford Bulldogs. The other two came against Bisbee, including a 4-7 defeat in a conference play-off game.

## frosh lose pitchers to j.v.

"Inexperience and a lack of pitching" were responsible for the freshman baseball team going winless according to Coach Tom Navarrete. Talented frosh pitchers Michael Navarrete and Mando Tellez started the season with the J.V. squad but were later moved to the varsity. Another freshman, Manny Gomez, pitched for the J.V.'s all season. Joey Feinstein and Manuel Morales led the young Cats in hits. Four forfeits by opponents shortened the schedule to a mere seven games. Joey Feinstein was named MVP at the annual Spring Sports Banquet.

Opening the season against the always tough AA Douglas Bulldogs, the J.V.'s were on top briefly after scoring one run in the top of the first. Pitcher Mando Tellez led the defense in the Ray game by striking out 13 Bearcats. The game at Bisbee ended in a tie due to the game being called because of darkness. "The game against Sahuarita was our best offensive output," said Coach Kinneberg. Mando Tellez went 3 for 4 at bat and stole 5 bases. Altogether, the team had 14 base hits and 13 stolen bases. Manny Gomez was the leading hitter for the squad with a .340 average, and was named MVP. Ricky Velasquez led the team in stolen bases with a total of 18.

# majors vaults to victory

Placing in four events, the Wildcats totaled 44 points for a fourth place team finish at the State Track Meet. Senior David Majors cleared 13'9" in the pole vault to set a school record and capture the state championship. Defending state champion in the two mile run, Ramon Saiz, lost his quest for a second straight title with a second place finish behind James of Buckeye. Saiz did, however, set a new school record with his time of 9:45.0. The 440-relay team, consisting of Perry Licano, Joe Luna, Jimmy Barquin, and Robbie Richardson, placed third with a time of 44.6. In the discus, Robert Bonilla also broke a school record with a 146' toss which was good enough for third at the state meet.

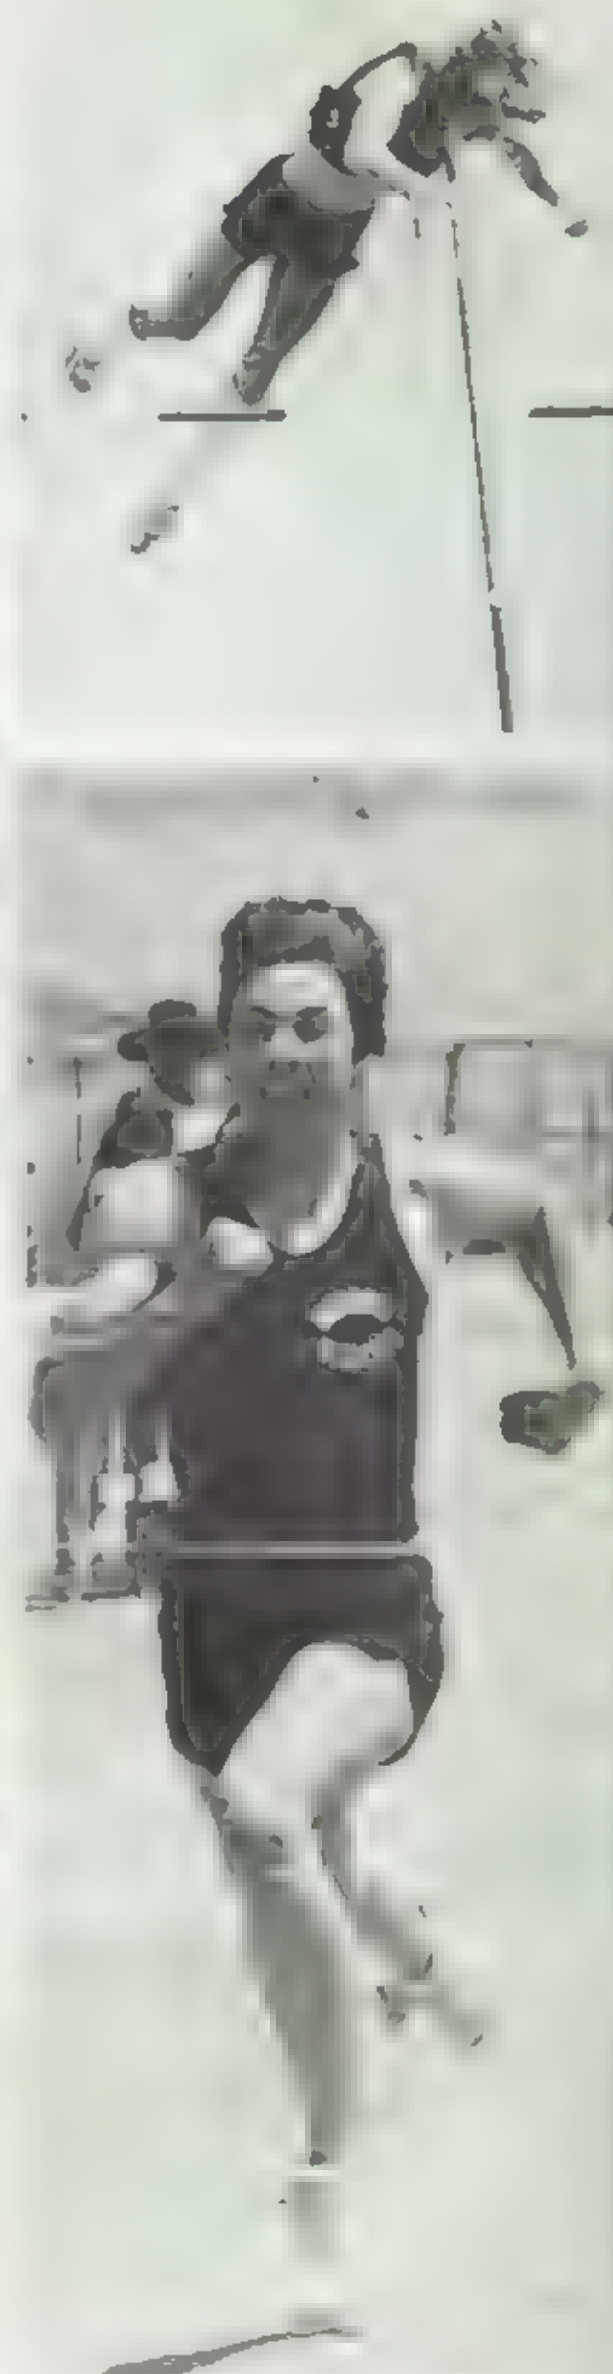

Awards presented at the Spring Sports Banquet included: Wildcat Award, Ramon Saiz; Outstanding Long Distance Runner, Leonard Chavarría; Outstanding Field Events, David Majors; Outstanding Sprinter, Perry Licano; Outstanding Middle Distance, David Rodela; Booster Awards, David Majors and Robert Bonilla; Most Valuable Trackman, Rob Richardson.

## records broken

Breaking records was a common occurrence during the 1980 girls' track season. New records were set by Amanda Zavala Morales with a time of 2:37.6 in the 880 run, Letty Espinoza with a time of 6:02.1 in the mile run, JoAnn Merino in the 220 yard dash with a time of 27.8, and by Erica Thomas Wright clearing 4'10" in the high jump.

At the State Track Meet in Casa Grande, the squad continued to break Morenci High records while placing in four events. JoAnn Merino finished third in the long jump with her 16'5" leap, and Emy Bagwell ran the 110-low hurdles in 16.07 for fifth place. Members of the 440-relay team, Priscilla Baca, Kathy Crotts, Estella Moroyoqui and JoAnn Merino hung on for sixth with a time of 1:58.8.

Awards presented at the Spring Sports Banquet went to JoAnn Merino, High Point Girl; Debbie Petty, Most Improved; Becky Montez, Wildcat Award; Emy Bagwell, Outstanding Hurdler; and Estella Moroyoqui, Boosters Award.

## Designs Impressive New Corps Uniforms

The "Pride" marching band took on a stylish look as members sported new uniforms designed by band director, Mr. Bruce Allen. "Impressive" was the word heard most often from fans viewing the uniforms for the first time. Audiences showed their appreciation of the band's new marching routines with standing ovations following performances.

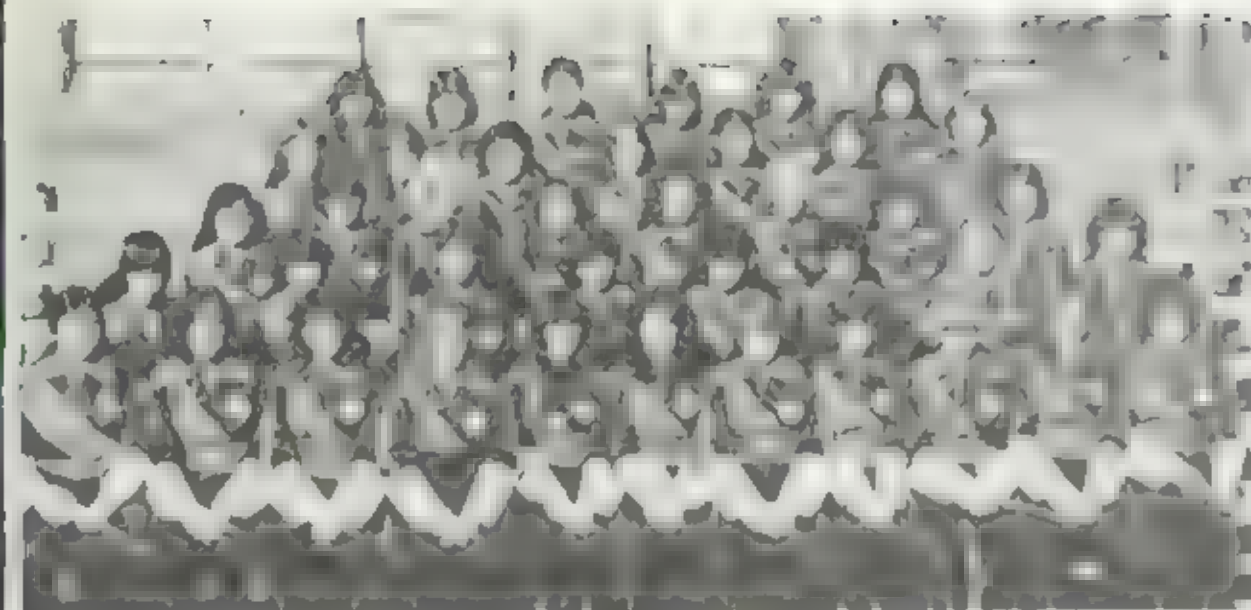

Popular songs used during the season included "She Believes in Me" recorded by Kenny Rogers and "The Rainbow Connection" from The Muppet Movie.

Flag girls amused football fans on Halloween as they dressed in various costumes and threw candy into the stands for a Halloween treat.

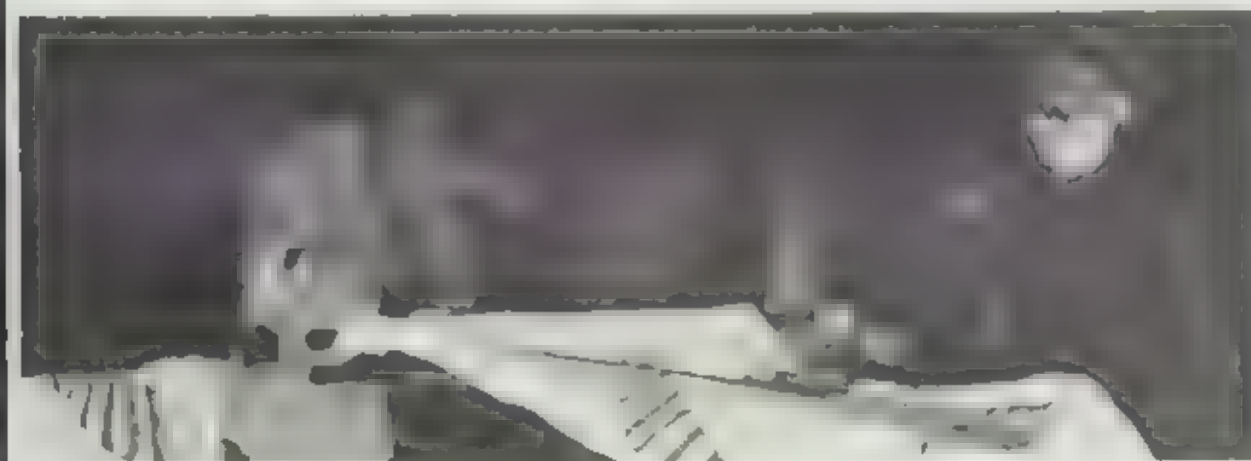

Pep Band was appreciated by the faculty and student body as it helped boost spirit at pep assemblies and basketball games. According to football coach, Lynne Nuttall, "The most important part of our high school spirit is our 'Pride' Band."

In November, the pep band traveled to Thatcher to perform at the EAC Thanksgiving Basketball Tournament.

Often Heard Words:

## "Go Back and Start From the Beginning"

Muddy knees and tired expressions were characteristic of the band's appearance as they returned from marching practice on the football field every morning. Rehearsals began July 28 and did not end until October 31. As Benjie Aguilar stated, "Having to rehearse over and over was aggravating, but it paid off."

The "Pride" defended their championship as they again won first place in the Class B division at the "Parade of Champions" marching contest in Las Cruces, New Mexico

Before the Christmas holidays, the band escorted Santa Claus to town in a parade through Morenci. Christmas music added to the holiday spirit

## Jazz Band & Chorus

# Together Again in Winter Concert

Combining their talents and efforts, jazz band and choir joined together to present two concerts. The first, held just before the Christmas holidays, featured selections including "Shadows in the Moonlight," "All By Myself," and "A Christmas Song." Performing in front of an audience was a nerve-racking experience for some members. As Bea Gordon stated, "The concerts are spooky, but after awhile you get used to it."

Choir members also participated in a music festival and the District Honor Choir, both of which were held at Eastern Arizona College.

Jazz band members met on their own to prepare for concerts. They also participated in a music festival at NMSU in the spring. Students in concert band were challenged by difficult music as they prepared for spring competition. Mona Rodriguez preferred her involvement in jazz band. Explaining why, she said, "Jazz band is fun and it's more interesting than concert or marching band because it has less people and better music."

**JAZZ TRUMPET PLAYERS**, Figitio Peralta and David Rodriguez play their part in the Jazz Band's Winter Concert.

## Children

# Entertained by Santa Claus and Elves

Dressed as elves, Frosty the Snowman, the Snow Witch, and Santa Claus, members of Drama Club entertained children with a one act play before Christmas. Following the presentation, members of the audience climbed on Santa's knee to give him their Christmas lists.

"You Can't Take It With You" was the 1980 presentation of the annual spring school play. The rather bizarre and mentally unbalanced Sycamore family, including their two servants, were the main characters of the story.

As the play opened, the only sane member of the Sycamore family, Alice, discovered she was in love with Tony Kirby, her boss' son. Alice and Tony eventually got engaged and a

meeting of the two families was planned. Arriving early for the get-together, the Kirbys found the Sycamore's household in chaos. Before the Kirby family could escape the mass hysteria, three FBI agents entered the house and arrested both families on suspicion of trying to blow up the Capitol and Supreme Court buildings. After being released from jail, the two families discovered Alice had broken off her engagement with Tony and was planning to leave town. Mr. Kirby and Tony rushed over to stop Alice and to apologize. All the problems between the two families were finally solved and Alice and Tony reestablished their relationship and planned their marriage.

## Morenci Welcomes

### Kim from Barbados

An island in the middle of the Atlantic Ocean was the native country which sent M.H.S. its foreign exchange student. Kim Smith, the 17 year old AFS student from Barbados, lived with the John Carabeo family while in Morenci. Asked what she thought of Morenci, Kim responded, "It's a very friendly community. People seem to like having a foreign exchange student here and they are really interested in my country. Morenci is different from Barbados and my community in that we have nothing such as a company town. At home people work mostly in the hotel industry."

A.F.S. sponsored a "Morenci Weekend" in November. Exchange students from various parts of the world who are presently attending classes in the U.S. visited Morenci for the weekend. The guests attended afternoon classes with their host students on November 14. A potluck was held at the Morenci Club that evening after which each student gave a brief talk describing his country. Visiting and host students went on a tour of the mine, concentrator and smelter the next day. Before the visitors left on Sunday, a cookout was held at the Carl Forstrom home

## Boys' State

# Lives Up to Its Outstanding Reputation

Many new ideas and projects were the result of an enthusiastic Student Council. A "Miss Merry Christmas" queen contest was originated with one candidate chosen from each class. Crowning of the queen, Arlene Vallejo, took place at the Christmas dance sponsored by Student Council in the gym.

A costume parade at the football game held Halloween night was also sponsored by the Council. Members of the community, all ages included, were invited to participate.

With the prospect of the 1980 Homecoming being the last one to be held on the "Hill," Student Council invited all former Homecoming queens to attend the game and to participate in a pre-game ceremony. A dance was held in the gym following the football game.

"It was advertised as 'the week that lasts a lifetime' and it lived up to its promise." This was Doug Marsh's evaluation of Boys' State which he, Robbie Windsor, and Renato Dayao all attended at NAU in Flagstaff. Ren

ato was selected to be in the House of Representatives; while Doug won the primary election in his campaign for Superior Court judge but lost in the general election. Robbie's city was named an All-American city.

Attending Girls' State, held on the campus of the University of Arizona, Sandra Rodriguez was a sanitation engineer in her city, while Cindy Lizarraga held the office of magistrate. Cindy's city was named the outstanding city for Girls' State.

Anytown was a week-long camp held near Prescott. Students attending participated in daily discussions, workshops, and sing-alongs. Topics discussed included prejudices, alcohol and drug abuse, friendships, and male-female relationships. Daily religious sessions were also held with the Catholic, Buddhist, Mormon and Sikh religions being represented. Anytown concluded with a candlelight ceremony during which all delegates shared their feelings of brotherhood. "By the end of the week, everyone had grown really close," said Phillip Merino.

## Sells Attractive Jerseys as Fund Raiser

"Put your homework away and get busy; we've got a deadline to meet!" These words were spoken often by Mrs. Hudgens as she encouraged the annual staff to finish assigned pages.

Keeping up with the demand for Wildcat athletic jerseys kept the staff busy at the beginning of the year. The sale of jerseys replaced the Copper Cat staff's traditional candy sales at varsity football games.

In September, staff members went to Safford, Clifton, and Morenci to sell ads. A week later the freshmen were doing and redoing the ad pages to Mrs. Hudgens' satisfaction. Three freshmen began learning the basics of photography, and in a few weeks, they too were taking pictures.

Eight pages of color were added to the opening section of the yearbook along with a change in the opening format. The staff eagerly anticipated the final product.

At the Morenci Motel banquet room in May of 1980, five new members were inducted into the local chapter of the Quill and Scroll Society. The initiates included Natalie Diane Cox, Cindy Lizarraga, Doug Marsh, Donna Wright, and Dora Zale. Ms. Jean Kotecki, editor of Greenlee County's Copper Era, was the guest speaker for the evening.

## Nick Armijo Returns as Guest Speaker

With a grade point average of 1.5 or better, six juniors qualified for entrance into N.H.S. An honorary membership was granted to Kim Smith, Morenci's AFS student.

A 1971 Morenci graduate and a former member of National Honor Society, Mr. Nick Armijo was the guest speaker at the formal initiation ceremony held on Tuesday, February 10. Senior members of the society explained the colors and emblem of N.H.S., and Doug Marsh administered the oath to the initiates. A reception in honor of the new members

was held in the home economics room following the ceremony. As the initiates discussed the evening's proceedings, Ronda Campbell was overheard saying, "I never thought that N.H.S. was such a big deal until all the people at the ceremony came and congratulated me."

Pinning took place on February 6 with the initiates and members excused from morning classes. The scholars enjoyed a morning away from school with visits to the Dairy Queen, El Cortez and the bowling alley.

## Members are Checkmated by Opponents

Missing several top players due to schedule conflicts, the chess club struggled to a 5-8 season. All five wins came as a result of forfeits by opponents. Club members adopted the theme song "Looking for 'Checkmate' in All the Wrong Places" along with the chant "Trade Down."

At the end of the school year, an inter-school tournament was held to determine the best player. Receiving a trophy for his accomplishment, Eric Yetman was the 1980 winner. When asked whether he considered chess a difficult activity, Doug Marsh replied, "It's only difficult because it taxes you mentally, especially in a long hard match."

Four delegates representing Algeria and four delegates representing

Belgium traveled to the University of Arizona for the 19th session of the Arizona Model United Nations. Committees on which the delegates were represented included Legal, Political, Social and Humanitarian, and the Economic and Social Council. International terrorism, drugs, real resources, veto power, social problems, and the national liberation movements were topics discussed throughout the sessions.

Showing togetherness, all eight delegates along with sponsor Mr. Bill Senne crowded into the school station wagon to make the trip to Tucson. Laughing about the cramped traveling arrangements upon their return, Alice Moffett said, "Now I know what sardines feel like."

## Language Clubs

# Throw Members Into Mud Puddles

"Watching the people being thrown into the mud puddles was fun," said Cindy Berry of the initiation party held for the Spanish and French Club members at the beginning of the school year. Club members also enjoyed the potluck dinner held on the football field the same evening.

French Club members held bake sales and car washes to raise money for pen pals in French-speaking countries and to purchase foreign language T-shirts. A video tape of members doing a play in French was also scheduled for later in the year.

Members of the Spanish Club held bake sales in addition to selling Christmas wrapping paper before the holidays. Money was used for scholarships to graduating Spanish Club members.

SNHS inducted twelve members into the society at the initiation ceremony held at the Morenci Club in the spring of 1980. Among the initiates were seven seniors and five sophomores. Following the traditional potluck dinner, Melanie Fileman, Sandra Rodriguez, and Mr. Bruce Allen performed a trumpet trio for the audience. The initiation ceremony and presentation of insignias followed.

## Traffic Safety Rules

Stressing bicycle safety, members of T.R.A.G.Y.C. (Traffic Representatives of Arizona Governor's Youth Council) visited with the children at Longfellow School. To encourage greater visibility at night, club members presented the children with reflector kits for their bicycles.

A bike rodeo was given for the older children at Fairbanks School. Its purpose was to help each participant realize his ability and to improve control of his bike. Each child was scored individually on the condition of his bike and his ability to control the bike through the obstacle course.

Encouraging the use of seatbelts, the club also distributed bumper stickers in the Plaza with the slogan "Seat belts — You Can Bet Your Life on Them."

Attending the state sponsored convention for T.R.A.G.Y.C. members in November were Cindy Berry and Alice Moffett. "Besides being a lot of fun," said Cindy Berry, "the convention made a person realize the traffic problems Arizona has."

Funds for club projects were raised through several bake sales and the raffle of an afghan donated by Mrs. Louise Gordon.

Science Club members were involved in an environmental program organized by the Forestry Department. Students participated in such conservation jobs as building retaining dams, chuck dams, and cleaning up recreational areas. A rock-hunting expedition was also held to collect specimens for the lapidary lab.

## Selling Candy

# Finally Pays Off

After three years of selling candy, sodas, and hot dogs at girls' athletic events, IGAA raised enough money to purchase a video tape machine. "Now that we have our own machine," said senior JoAnn Merino, "we can use it whenever we want. It's just for the girls!"

Although not an official school club, eleven Morenci Powerlifters attended the annual Silver City Powerlifting meet in New Mexico. Competing against 50 other lifters, the Morenci students brought home five first place titles. Winning their class with the top total combined score after three lifts were John Armstrong and Dennis Giacoletti. Placing first in individual events were Leo Aguilar in the bench press; Dennis Giacoletti, bench press; and Brent Rains, squats.

## Cheerleading Squads

# Bring Home the Spirit Stick from Camp

We've got spirit! The cheerleading squads showed their spirit at the Kachina Cheerleading Camp held at EAC and were awarded the "spirit stick" for their enthusiasm.

Making locker cards for both the boys' and girls' teams became a weekly project once school started. Designs for the sometimes elaborate cards were traced using the opaque projector. Many hours were then spent coloring, glittering, and cutting out the final result. "Making locker cards takes a lot of time," commented Susan Valdez, "but we like to let the teams know we support them."

Daily practices were required during football and basketball seasons. Although practicing was considered necessary, it was also thought of as an imposition at times. "Practicing takes a lot out of our social life," said Diane Baray. "We don't have enough time to spend with our boyfriends."

For the first time in fourteen years, MHS was without a pom-pom squad. There weren't enough girls interested to warrant having tryouts.

Joining "Whiskers" to help entertain the crowd during basketball season was the "Lady Cat," Cathy Quinn.

## building begins on new school

---

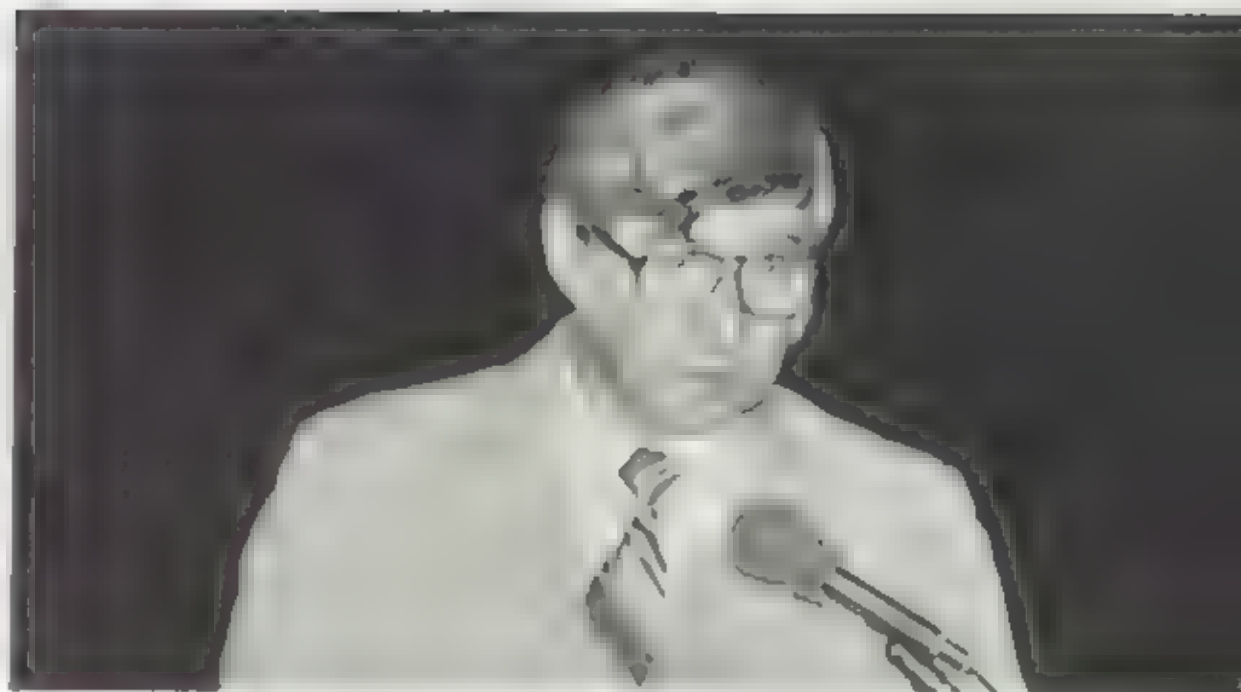

After years of planning and anticipation, construction on the new high school facility finally began in January of 1981. The date scheduled for completion of the new building was set for May, 1982.

The Law Construction Company, with its bid of \$10,044,835, was granted the building contract. District voters passed another bond issue in November authorizing the district to sell more bonds. The additional bonds were necessary because of rising construction costs along with an increase in the cost of materials since the original bond issues was passed.

### **Mrs. Noralea Gale**

is a native Arizonian who was born, along with her twin sister, on her parents' cattle ranch in Klondyke, Arizona. After graduating from a two-room grade school where Mrs. Gale's mother was also her teacher, she attended high school in Safford, Globe and Duncan. College days were spent at ASU where upon arrival, she and her sister were met by campus reporters and photographers. "They thought we were students from Klondike, Alaska" laughed Mrs. Gale.

Always active in sports, Mrs. Gale was the only junior in her class to earn a varsity letter at ASU.

Upon arriving in Morenci in 1950, she first taught third and fourth grades, each for three years, before beginning teaching in the high school. She loves Morenci and commented "Morenci is the only place I've ever taught, and although I have no means of comparison, I think it's a really top-notch school."

An avid reader, Mrs. Gale's hobbies also include cooking, sewing, and collecting guns. A coach of volleyball and tennis, she has a great love for all sports and enjoys watching any type of athletic contest. "If there is any kind of skill, or chance, or ball involved, I'll watch it," she laughed.

## trojan defects to morenci

An ex-rodeo contestant, an "Arkie," a Clifton Trojan, and an Arizonian joined the high school faculty in August.

Mr. Alan Hjorth, once a member of the rodeo circuit, came to Morenci from Cedar City, Utah. His interests include silversmithing and golf. On weekends, when not coaching football or wrestling, Mr. Hjorth and his wife enjoy working on relatives' ranches near San Manuel and Nogales, Arizona.

After spending most of his life in Arkansas, Mr. John Letchenberger left the state to teach in Morenci. Married, with two children, he is inter-

ested in reading, sightseeing, letter writing and table tennis.

Originally from Clifton, Mr. Gilbert Padilla became a Wildcat this year coaching both the wrestling squad and the J.V. football team. He stays in shape by weightlifting, wrestling, and hunting. Mr. Padilla is also married and has two children.

Although new to the high school staff, Mr. Bruce Kinneberg previously taught P.E. at Fairbanks Middle School for three years. The proud father of a baby girl, Mr. Kinneberg has lived in Arizona almost all his life. Typical of an Arizonian, he enjoys all outdoor activities.

## mr. 'd' bicycles cross country

Loaded down with forty pounds of gear and a lot of determination, Mr. Dave Dickerson bicycled from Oregon to Virginia during the summer of 1980. "Idaho was the prettiest state we went through," responded Mr. 'D' when asked about his travels. "The eighty undeveloped and unspoiled miles along the Lochsa River were absolutely spectacular!"

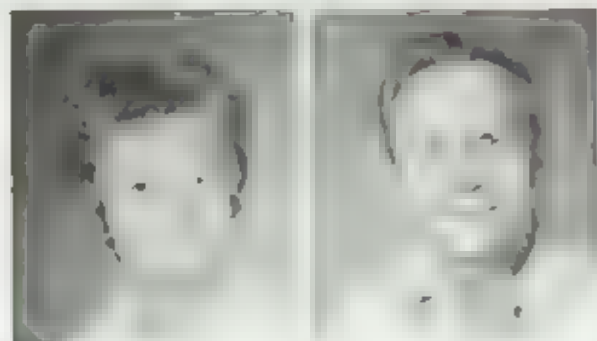

The 3800 mile trip started off on a wet note as Mr. Dickerson and his friend spent the first two nights and day riding in the rain. Luckily, the weather dried out and the bicyclists did not regret their decision to camp out during their trip. They spent only two nights in motels all summer.

Some parts of the journey were tough peddling; although, Colorado's passes weren't as formidable as the pair expected. They felt the Appalachians were the toughest part of their trip because of the steep and winding roads. "My partner and I wished we had taken our training more serious-

ly," laughed Mr. Dickerson. "It was probably a full four weeks before we were completely used to pedaling all day. Some parts of the body were continually sore — those bike seats were hard!"

Flat tires caused a hassle during the trip as Mr. 'D' had his eighth flat in three weeks while traveling through Montana. Things got better, however, and he incurred only one more flat the rest of the trip.

After eleven weeks, Mr. 'D' finally rode into Virginia Beach alone, his friend having left for his own destination. "I had just enough time to stick my hand in the Atlantic Ocean and ride back into town to miss my bus," cried Mr. Dickerson. "I caught a later one and had an unenlightening two-day ride home to Denver." Would he do it again? "Yes!" answered Mr. 'D', "It's the best way to travel that I've found. I'm already planning a trip from the state of Washington to Montana this summer."

### *Mr. Joseph Galusky*

Excellent teacher, a friend and a man of great humor. Born and raised in West Virginia, Mr. Galusky has taught chemistry and physics in Morenci since 1953. He was named Arizona Science Teacher of the year in 1974.

Appreciated not only for his devotion to education, his students learn to anticipate his wit. "You govt head" and "Take your shoes off and you might be able to count better," are just some of the quips students learn to expect. Some Galusky philosophy includes "If you know a little and you know how to use it, then you know a lot, but, if you don't know anything, you're an unmitigated slob." Also, "Anything that is worth anything doesn't come easy."

Active in the parish of the Holy Cross Church, Mr. Galusky has been co-chairman of the Relief Fund since its inception in 1960. He has also taught C.C.D.

Active in the planning of the science department for the new high school, he looks forward to teaching in a new, finely equipped department.

# seniors get into classical literature

A nine-week unit on classical literature was a new addition to the English/IV curriculum with students reading Homer's *The Iliad* and *The Odyssey*. Reaction to the new course content was generally favorable as evidenced by Renato Dayao's comment, "It's really interesting and I especially liked reading *The Odyssey*."

"What a relief!" sighed junior Fred Lanphar after finishing his term paper for English III. This expression was shared by most juniors after undergoing the hard work and long hours involved in researching and preparing the required paper.

Sophomore English classes read

the plays "The Glass Menagerie" and "Julius Caesar," in addition to studying vocabulary, participles and gerunds. Freshmen reviewed the parts of speech, wrote essays, and learned to find the climax, setting, theme, and plot of story.

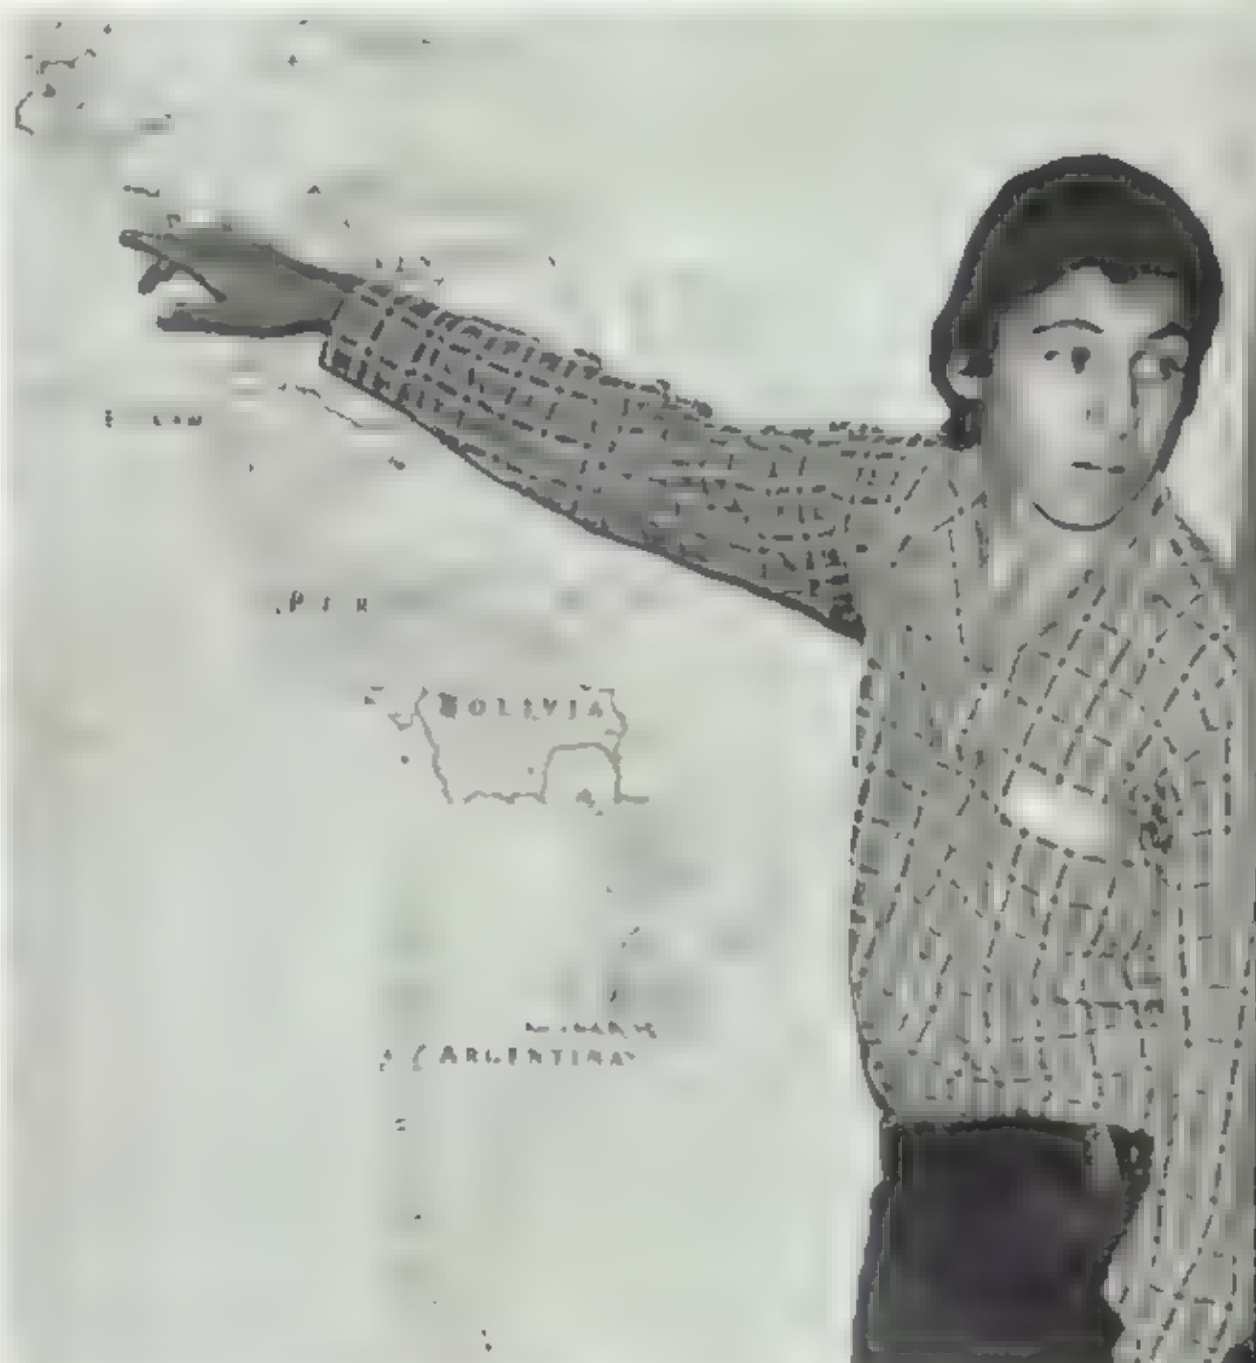

Spanish students at every level were greeted with new textbooks and workbooks. The workbooks were a plus in helping students learn the language. French classes translated paragraphs and took dictation. Happy with his Spanish language students, Mr. Steve Chavez commented, "This year's crop of students is above average."

## "mad scientist" cuts up cat

---

"Okay, class, today we are going to dissect a cat." These were the opening words of Mr. Fleishman as he greeted his Basic Biology students one day. Although the class had previously dissected worms, fish, and clams, dissecting the cat gave some a more queasy stomach than usual. A rather pale Angel Rodriguez stated, "It looked gross and the smell was absolutely awful!"

Biology students also studied genetics and endured a blood type test "It was kinda scary poking my finger," grimaced Kelly Baker, "but I got over it."

Freshmen found it difficult to cope

with the hard work required by the teachers in the math and science departments. As Imelda Dayao said, "You can't miss any days of school without getting busted."

Chemistry and physics students learned to cope with hazardous substances with only a few mishaps occurring during the year. A small fire broke out in chemistry when potassium came in contact with paper in the trash can. As Brian Short explained, "I absentmindedly threw it in the garbage where it proceeded to smoke and eventually caught on fire. It was put out but not before the room was filled with smoke."

## hayes states biased opinion

Using his wide knowledge of history to explain both sides of an historical event, Mr. Bill Senne made his U.S. History classes more interesting to students. An argumentative Eric Hayes disagreed, however, as he summed up his experience in U.S. History with "It's boring!" An equally argumentative Mr. Senne replied "I think the social studies classes are the most significant taken by high school students if our country is to survive our third century."

What happened, when did it happen, why did it happen, who did it, and where did it occur were the five W's studied in the World History class. By learning of the world's past, students were better able to understand the present.

"In American Problems we learn how the U.S. government performs its many duties and of the rights all U.S. citizens should have," was Natalie Cox's description of her senior social studies class. Current Events classes focused on expanding students' knowledge of national and world events and on understanding the changing environment. *Newsweek* magazines were studied along with daily newspaper articles.

## padilla and hjorth join staff

---

New teachers in the district, Mr. Gilbert Padilla and Mr. Alan Hjorth, taught the basics in metal and auto shop classes. Safety techniques were the first thing learned in all the industrial arts classes. According to Mr. Ken Scheier, "By learning to operate the machines safely, students learn to use the machines correctly, thus eliminating the possibility of injuring themselves or damaging the machines."

Basic training in gas and electric welding, along with the steps of operating the various machines, followed the learning of safety procedures in metal shop. Woodshop students learned to identify different types of wood before beginning individual projects. In auto shop classes students first learned each part of an engine

before beginning to "tinker" with autos. More experienced students worked on their families' cars as well as their own vehicles. Drafting students made blue prints and isometric drawings.

Bookkeeping students got off to a slow start the first six weeks because of a shortage of textbooks. Dictation to increase speed was an everyday event for shorthand students. According to Mr. Roy Faulkner, "Mind and hand coordination is very important, so constant practice is necessary!"

Typing I students started with the usual memorization of the keyboard. Once the keyboard was mastered, production jobs were assigned. "It really gets hectic when jobs are due," stated Sherry Trujillo as she rushed to finish her assignment.

## boys try out facial masks

"Embarrassing," laughed Albert Aguinaga as he discussed putting on a facial mask, "especially when Mrs. Hudgens started taking pictures." Several boys in the Survival class were used to demonstrate the use of a facial mask when the class studied face and skin care.

Fabric color swatches were used at the beginning of the semester to help home economics students learn the colors that went with certain skin tones. Students then selected a pattern and constructed their garment.

Other than complaining about the long walk to the art building, students generally enjoyed the art classes. "It's fun!" said Frances Andazola, "we do a lot of interesting things."

Art projects included redesigning record covers, print making with linoleum cuts, and making throw pots on an electric wheel. Students also painted the backdrop for the Homecoming float and made team mascot posters for the gym wall.

Ribbon winners at the annual Greenlee County Fair included Carol Bonilla for her chalk poster, and Albert Aguinaga for his design of a record album cover as well as a Chalk poster.

Members of the art classes also served as judges for the elementary school's Smokeout poster contest which was sponsored by the American Cancer Society.

## aerobic dancing hits campus

---

Exercising became fun when girls' physical education classes were introduced to aerobic dancing for the first time. The new dance records finally arrived second semester and dance lessons began.

Physical ed students had the advantage of having the coolest class in school at the beginning of the year. An hour at the swimming pool meant escaping hot, stuffy classrooms for some cool, wet relief.

Due to a lack of space for individual activities, most sports taught in both girls' and boys' P.E. were team sports such as basketball, volleyball, speedball, and soccer. Student involvement was good according to Mr. Lynne Nuttall. "We've had better participation from our students in the

past three years than ever before."

Learning and memorizing rules and traffic laws were the first areas undertaken by driver education classes. Students also studied car maintenance and watched films on how to drive safely.

During the behind-the-wheel portion of the class, students had exercises in parallel parking and backing up. A six-mile driving test, constructed by instructor Mr. Bruce Kinneberg, was also required. "Driver Education teaches you to be alert and always on the defense," said sophomore Tammy Garrett. And, as Mr. Kinneberg explained, "Many parents like their kids to have driver's education before they get their license, because insurance rates are lower."

Answering the phone, selling books, and signing passes were just some of the varied duties performed by the high school secretaries, Sue Filleman and Maureen Windsor. The two ladies also supervised a student office staff of sixteen students

Secretary to the superintendent, Rosalie Gilliland, recorded the school board meeting minutes in addition to her other duties. District bookkeepers, Marian Hunt and Becky Navarrete, handled the payroll and bills for the school system. Newest addition to the staff, Carol Navarrete, served as the lunchroom cashier

Cleaning the school daily were the custodians who also supervised delinquent students with various assignments. The lunchroom staff prepared hot meals for high school students

Attendance officer for the school district, Ophelia Sanchez, checked on all school absentees. Alice Maza, the school nurse, kept student health records up to date by giving ear and eye tests along with the dreaded vaccinations

## Spray Painted

# "81's" Dominate the Campus Graffiti

Many seniors kept busy on week ends trying to spray paint "81's" on all available walls surrounding the high school. Their object was to have the "81's" outnumber all other class years. The challenge, of course, was not to get caught.

Getting a head start on the year, seniors traveled to Safford during the summer months to have their portraits taken. Holladay's Photo Emporium was contracted for the first time by the annual staff to take senior pictures. Martin Smith thought "the change was great because you could pick your own background and it was a good reason to go to Safford."

## Seniors

# Finally Catch that Bold Wildcat Spirit

Harassing the freshmen was the first "project" undertaken by the seniors. The frosh were required to serenade the student body by singing the Alma Mater; the embarrassing "air raids" were also demanded.

Although earning the reputation as a rather unenthusiastic junior class, there appeared to be an attitude change over the summer. As seniors, they started off the year by winning the competition yell at the first pep assembly.

A serious side of the last year of high school was the test taken by seniors planning to go on to college. Students traveled to Thatcher for the ACT test; the results were then sent to various universities. Scholarships and federal grant forms were also filled out by the college-bound students while other seniors talked to representatives of the armed forces. Still others planned to get a job immediately following graduation.

## The Job Scene

Playing top hits, frying hamburgers, and pumping gas were some of the duties performed by seniors who held jobs during the school year. Several seniors attended classes in the morning and were allowed to work in the afternoon. Mark Settle and Neil Short worked as disc jockeys for KCUZ. John Ontiveros held a job at Naccarati's Service Station and Dee Dee Cooper worked behind the counter at the drug store. Working and attending school wasn't considered too difficult by these seniors. As Dee Dee Cooper put it, "It's not hard if you keep your act together." Neil Short's only complaint was that as a late night DJ, his job "interferes with my sleep."

### Survey Shows

## Seniors Prefer Pursuing Further Education

A survey of the senior class showed that a majority of the class of '81 plans to attend college next year. Thirty-four seniors indicated a desire to continue their education while an additional six want to combine marriage with a college education.

A three-way tie of five each existed between the choice of getting married, working for Phelps Dodge, and going to a trade school. Four people indicated the desire to leave Morenci to try to find a good-paying job elsewhere. Only one person expressed an interest in going into the military.

Colleges students preferred to attend were Northern Arizona University and the University of Arizona. Reasons given for choosing the U of A ranged from Lori Borjon's "It has a good engineering program" to Nathan Wright's "Because **SHE's** in Tucson!"

Eastern Arizona College was least preferred by the seniors because as Melissa Rodriguez stated, "It's just too close to home."

## Equally in the Top Academic Honors

In the academic battle of the sexes five boys and five girls were named to the top ten percent of their class. Included in the group were six NHS members, and four members of the Quill & Scroll Society. All were also active in various clubs and sports.

Emy Bagwell received the Phelps Dodge Merit Scholarship and Cindy

Lizarraga was awarded a scholarship to ASU. Receiving academic scholarships from the U of A were Donna Wright and Robbie Windsor; Doug Marsh was offered a scholarship to NAU.

## Juniors Attempt

# Term Papers — A Dreaded Requirement

"What's your topic?" was an often asked question as all juniors were required to prepare term papers for both history and English classes.

Getting off to an early start, prom preparations began in early October. Gibby Gonzales and Lisa Stacey were chosen to reign as king and queen while "Together" was selected as the theme song. Colors chosen for the annual event were light blue, dark blue, and metallic silver. Funds were raised through bake sales and the raffling of an afghan donated by Mrs. David Barela. Frisbees were also sold to raise money.

With the usual competition between classes, senior Gerri Stinson summed up her opinion of the juniors saying, "They've got a lot to learn before they can take charge after the class of '81 leaves." More in agreement of the junior's opinion of themselves, however, was Mr. Glodis' comment, "They are one of the better junior classes we have had. The co-operation and initiative they have shown has been fantastic."

## Common Trait Among Sophomores

Asked how it felt not to be a fresh man anymore, many sophomores actually favored their ex-fresh status. The reason given by Kelly Baker was "We don't get any attention any more."

# Provide Entertainment During Lunchtime

Starting out the year with high spirits and lots of enthusiasm, the freshmen withstood the ridicule of the upper classmen during Spirit Week. Used to provide the lunchtime entertainment during the week, the frosh were called upon to demonstrate their dancing and singing ability. On "Baby Day," Sherry Trujillo and Victor Ruedas were chosen the "cutest"

babies

Asked how it felt to be a freshman, Ginger Schroeder said "It feels low." Other comments included Melissa Verdugo's "pretty bad" and Chris Rodriguez's "It's funner than Fair banks."

Planning ahead for the prom, the class began their fund-raising efforts by having several bake sales

# **Initiate the First Annual Booster Bowl**

Playing in the first Annual Booster Bowl, the Morenci "over 30" Boosters were defeated by the Clifton boosters, 34-12. Members of the flag football team for the Wildcats included Primo Martinez, Leonard Trujillo, Rudy Vega, Willie Gonzales, Ralph Martinez, Smokey Garcia, Gilbert Peru, Tigi Verdugo, Ernie Navarrete, Frankie Verdugo, Arthur Merino, Ray Milligan, and Andy Vidales

Money-making activities included raffles and the sale of Wildcat windbreakers and baseball hats. The club also continued the operation of concessions at home athletic events. The funds raised were used to purchase metals and trophies which were presented to outstanding athletes at the three boosters' banquets held throughout the school year

Officers of the club were Ramon Saiz, president; Miguel Verdugo, vice-president; Bill Kingsley, secretary, and Virginia Saiz, treasurer

**PROUDLY DISPLAYING** his Booster of the Year award, Florentino Montanez stands between club president, Ramon Saiz, and secretary Bill Kingsley

# PRIDE

## is what it's all about

As another year comes to a close we look back and reflect on what it has meant to each of us

We remember the athletic victories along with the frustrating defeats Getting hoarse because we've yelled so hard during class competition cheers at a pep assembly was a common occurrence

Academic achievements are also recalled — acing a test, completing a term paper, successfully working an experiment

With pride, we reflect on the standing ovation given the band, the pleasure felt when the yearbook received another top ranking, and the personal accomplishments achieved by each and every student

We remember the support given to us by the community — Lion's Club sponsoring a baseball tournament, boosters working so hard to support our organizations

We realize how much MHS has meant to all of us. It is a place we all take pride in; and, after all,

PRIDE is what it's all about!

**HOLDING** the Class A State tennis trophy are team members Henry Windsor, Rev Aquino, and Steve Segoria

**A SERIOUS** Susie Denogean reflects on her days at MHS during the 1980 Commencement Exercises

**MARCHING** in the Veterans Day Parade are members of the American Legion C Hill Post #28

**ENTHUSIASTIC** students yell at a pep assembly

Michael,  
happy in news  
to know that I've gotten  
you to know you. I want  
considered to be one of my best  
friends. I really do trust you  
alot! And I need anything, I'll know that  
if you ever help you. I want us to start  
than glad to help you for all the times you've  
close forever! Thanks I "love" You!  
helped me out.

Take care,  
Good Luck!  
God Bless You!

20 Mike,  
Here's to a real crazy guy! ~~Mike~~ who will  
soon get bruised if you don't stop kicking  
me. (not really) always stay the way you  
are cuz yours great.

To Mike,

A guy who tells good (well, some good) jokes and is in my Spanish class. Just stay cool and it'll be OK.

To: Mike

To a real neat person I have known for a very long time, who has a great personality. Never change, just stay the way you are because you have everything going for you. I hope you get what you want

out of life. Good Luck!  
Take Care and May  
God Bless You!
